

2022-23 Employer Survey Executive Summary

As a follow-up to the Coastal Carolina Community College Graduate Survey, graduates were contacted by telephone, e-mail, and mail to obtain employer information within three months of graduation. Two-hundred and three graduates were in related employment. Of those students, thirty would not give permission to contact their employer. Eleven surveys were not mailed to employers due to lack of employer information, e.g. address. Permission was given to send one-hundred and sixty-two employer surveys. During 2022-23, these employers were surveyed by telephone, and mail to gauge their satisfaction with recently hired graduates. Of the employer surveys sent, seventy-two responses (44%) were received. Performance of Voc/Tech Skills, Communication Skills, Math Skills, Decision Making Skills, Work Habits, and Overall Satisfaction were rated above average by the employers. One-hundred percent of the employers responding said that they would hire Coastal students again.
