

2024-2025 IMPACT

In 2024–2025, the College Foundation proudly awarded over **\$171,000** in scholarships to more than 90 students pursuing higher education at Coastal Carolina Community College. These scholarships not only eased financial burdens but also empowered students to focus on their academic and career goals.

"Receiving this scholarship meant I could stay in school and pursue my dream of becoming a nurse. It gave me hope when I needed it most."

— Christopher, Nursing Student

Our recipients represent a diverse cross-section of students—many are first-generation college students, military-affiliated, or working adults returning to school. Thanks to the generosity of our donors, these students are now one step closer to transforming their lives and contributing meaningfully to our community.

- **100%** of scholarship recipients maintained in good standing and with a GPA of 2.0 or higher
- **More students can be awarded!** The #1 reason a student does not receive a scholarship is due to not completing an application.
- **5 new scholarships were initiated**

THANK YOU!
