INSTITUTIONAL EFFECTIVENESS

Coastal Carolina Community College's institutional effectiveness process is an ongoing, college-wide process of planning and outcomes assessment for the purpose of documenting that the College is achieving its mission and goals.

Institutional effectiveness essentially involves four major questions. The first question focuses on the College's mission: "What is our purpose?" The second is stated in the College's vision: "What do we want to become?" The four themes of the College's Strategic Plan provide the answer to the third question: "How will we get there?" The fourth question is a result of assessment as documented in the Desktop Audit: "How well is Coastal doing its job in order to fulfill its mission?"

Institutional effectiveness involves a minimum of four steps:

1. Establishing a clearly defined mission or purpose;
2. Formulating educational goals consistent with the mission and strategic plan;
3. Developing and implementing procedures to evaluate the extent to which goals have been achieved;
4. Using the results of evaluations to improve programs and services.

As guided by the Southern Association of Colleges and Schools Commission on Colleges, the institutional planning and effectiveness process is linked to decision-making at all levels and provides for budgetary decisions and resource allocation.

WHY IS INSTITUTIONAL EFFECTIVENESS IMPORTANT?

Over the past decade, colleges have come under increasing scrutiny by legislative bodies, accrediting agencies, and the public in general. All of these groups are demanding more accountability on the part of individual colleges.

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) plays a critical role in adopting requirements for all institutions that it accredits to engage in systematic inclusive planning. Institutional planning is a Core Requirement as stated in Section 7 of the *Principles of Accreditation: Foundations for Quality Enhancement*:

7.1 The institution engages in ongoing, comprehensive, and integrated research-based planning and evaluation processes that (a) focus on institutional quality and effectiveness and (b) incorporate a systematic review of institutional goals and outcomes consistent with its mission. (Institutional Planning) [CR]

Moreover, SACSCOC emphasizes student achievement as stated in Section 8 of the *Principles of Accreditation*:

8.1 The institution identifies, evaluates, and publishes goals and outcomes for student achievement appropriate to the institution's mission, the nature of the students it serves, and the kinds of programs offered. The institution uses multiple measures to document student success. (Student Achievement) [CR]

INSTITUTIONAL EFFECTIVENESS (CONTINUED)

Demonstrating institutional effectiveness takes on special significance for community colleges. Community colleges typically have a broader mission than four-year colleges and universities. In addition to traditional freshman/sophomore level coursework, community colleges provide two-year career training, occupational retraining, developmental coursework, continuing education, courses for special populations, and business and industry training.

Community college students also differ from traditional college students. They are more diverse in terms of their age, backgrounds, preparation, and educational objectives than their four-year college/university counterparts. Therefore, the measures of institutional effectiveness must be applicable to community college student outcomes.

Institutional effectiveness is a primary consideration at colleges throughout the southern states. The concept of accountability and performance-based funding for colleges is gaining momentum and has been implemented to varying degrees in a number of states. The North Carolina Community College System made a step in this direction with the implementation of the Performance Measures for Student Success.

While meeting the requirements of external bodies underscores the importance of institutional effectiveness, the internal applications are even more important. Institutional effectiveness provides a mechanism whereby the College can assess and improve its programs and administrative and educational support services. This enables the College to better serve and meet the needs of its students and other stakeholders. Simply stated, institutional effectiveness ensures the academic quality and accountability of the institution.

Coastal Carolina Community College has implemented a comprehensive institutional effectiveness assessment model. The Desktop Audit is the major component of Coastal's institutional effectiveness model. The model is comprised of a number of components and assesses the effectiveness of all aspects of College programs and services, including curriculum and continuing education instruction as well as administrative and educational support services.

WHO IS RESPONSIBLE FOR INSTITUTIONAL EFFECTIVENESS?

Without question, institutional effectiveness is the responsibility of all faculty and staff of the College. At Coastal Carolina Community College, the Institutional Effectiveness and Student Success Office coordinates the planning, goal setting, and assessment activities of the College. Planning, budgeting, assessment, and continuous improvement activities occur within the various planning units of the institution, and the results are captured and summarized in the annual Desktop Audit program and services review sessions.

Program review has been an integral component of the institutional efforts at North Carolina community colleges since the late 1980s. In addition to its obvious appeal as a tool for internal assessment efforts, program review is also viewed as a key instrument for meeting the requirements of program accrediting bodies, the Southern Association of Colleges and Schools Commission on Colleges, and the North Carolina Community College System Office.

INSTITUTIONAL EFFECTIVENESS

(CONTINUED)

In 1993, the North Carolina General Assembly adopted provisions (S.L. 1993-321, Sections 109 and 119) which necessitated significant changes in the program review process. The State Board charged the Program Review and Accountability Task Force with devising a new review process and to set standards programs must meet. The changes recommended by the task force were adopted by the State Board in September 1993. This new process was highly prescribed and became known as the Annual Program Review. It was based upon Coastal Carolina Community College's Desktop Audit.

State Board of Community College policy, 1B SBCCC 400.3 addresses Program Review as follows:

1B SBCCC 400.3 Program Review

Colleges shall monitor the quality and viability of all of its programs and services. Colleges shall review each curriculum program, each program area within continuing education, and their Basic Skills programs at least every five years to determine program strengths and weaknesses and to identify areas for program improvement. The program review process shall be consistent with the requirements of the regional accrediting agency.

At Coastal, the annual program review, the Desktop Audit, remains a significant tool in evaluating student learning outcomes and in documenting institutional effectiveness. The Desktop Audit is the centerpiece of institutional effectiveness which reviews curriculum and continuing education instructional programs and administrative and educational support services annually.

ADVERSE WEATHER POLICY

Should it become necessary to close the College because of adverse weather (storms, ice, snow, etc.) the President of the College or his representative will make an appropriate announcement through local media, the College website, and various electronic resources. The College is committed to delivery of instructional services for which the students have paid tuition. Therefore, in the event class time is missed due to adverse weather, the College will make every effort to deliver course content.

If the college opens late, campus activities will resume at the designated time. Students and employees should report to the location where they would normally be at that specific time, even if their class or lab has an earlier starting time. Instructional time missed will be made up.

A variety of mechanisms may be employed to make up course content. These include, but are not limited to, adding additional minutes to remaining class sessions, assigning out-of-class or online coursework, assigning class projects, as well as holding classes during scheduled breaks, and/or extending the semester through Catalog-published weather days.

NOTE: When the College is closed, certain personnel may be expected to report to work prior to the re-opening. Those personnel will be informed in advance by the appropriate supervisor.

COMMUNICABLE DISEASE POLICY GENERAL GUIDELINES

The College recognizes the serious implications that the spread of communicable disease, as defined by the Centers for Disease Control and Prevention (CDC), has on the health, safety, and welfare of the students, faculty, staff, and general public. Therefore, the College is committed to ensuring that each employee and student be provided with a safe and healthy working/learning environment. This communicable disease policy is based on scientific, medical, and legal information currently available. It is also consistent with guidelines issued by the CDC, OSHA standards, other national/state health-related organizations' recommendations, and is compatible with the policies of all clinical affiliates. Since scientific information is prone to frequent change, the College will review this policy annually, or as necessary, as new information on infectious diseases becomes available.

Any student who knows, or has a reasonable basis for believing, that he or she is infected with a communicable disease (e.g. pandemic influenza) or other serious public health threat has an obligation to report that information to Student Services. Any employee who knows, or has a reasonable basis for believing, that he or she is infected with a communicable disease (e.g. pandemic influenza) or other serious public health threat has an obligation to report that information to the Office of Personnel Services and Workplace Safety. A serious public health threat is one that has been declared by the State Public Health Director or the Governor.

In the event of a reported occurrence of a communicable disease on campus, the College will seek guidance and direction from the appropriate public health authorities.

ADMISSION AND EMPLOYMENT

Persons who are seropositive for HIV/HBV/HCV or other infectious diseases will not be excluded from admission or employment, or restricted in their access to the institution's services or facilities because of their health status. They will be provided with all reasonable accommodations unless an individualized, medically based evaluation determines that exclusion or restriction is necessary for the welfare of the individual or other members of the institution, patients, or its affiliates (patient care community).

REPORTING INFECTIOUS STATUS/STATE LAW

Any student or employee who knows, or has reasonable basis for believing that he or she is infected with HIV/HBV/HCV, or other infectious disease which may pose a threat to others, and whose curriculum or job requires performance of patient care procedures which may be exposure prone, has an obligation to share that information.

North Carolina State law requires any health care providers whose work requires them to perform or assist in surgery, dental procedures, or vaginal deliveries and who know themselves to be infected with HIV/HBV to report themselves (confidentially) to the State Health Director. On the state level, an investigation will be made to assess the operative and infection-control techniques and clinical condition of the infected health care worker. When there may be a significant risk for transmission to patients, an expert panel will be convened to make recommendations to the State Health Director,

Full-Time Faculty and Staff Handbook

Section II

Page 3

COMMUNICABLE DISEASE POLICY (CONTINUED)

who will determine whether restrictions in the health care worker's practice are needed to prevent transmission to patients and whether notification of any previous patients is warranted. The health care worker's practice and clinical condition will be periodically reviewed to determine whether re-evaluation is needed. The College requires employees/students to abide by this law to protect the health and welfare of employees, students, and patients from the spread of disease, and to respond appropriately to the individual's health and employment/educational needs.

Definition of Exposure Prone Procedures: Characteristics of exposure prone procedures may include, but are not limited to, digital palpation of a needle tip in a body cavity or simultaneous presence of the employee's/student's fingers and a needle or other sharp instrument or object (such as a catheter) in a poorly visualized or highly confined anatomical site. Performance of exposure-prone procedures may present a recognized risk of percutaneous injury to the employee/student, and if such an injury occurs, the employee's/student's blood is likely to contact the patient's body cavity, subcutaneous tissues, and/or mucous membranes. Characterization of particular exposure-prone procedures are identified on a case-by-case basis.

HEALTH RECORDS FOR STUDENTS AND EMPLOYEES

Current student records are retained by department heads or their designee. After graduation, records are sent to Student Services and retained for five years. Continuing education student health records will be maintained in the Continuing Education Office. All employee health records are to be maintained as noted in the College's Infectious Disease Control Program. Records will be maintained in a secure and confidential manner.

STANDARD PRECAUTIONS

All faculty, employees, and students in health-related fields are required to adhere to standard precautions consistent with Centers for Disease Control and Prevention Universal Guidelines.

1. Good personal hygiene must be followed at all times with special emphasis on good hand washing technique.
2. Appropriate personal protective equipment (PPE) must be worn for any direct contact with patients and/or with any body fluids.
3. All current OSHA guidelines for disinfection and sterilization of devices used in invasive procedures must be followed.
4. Laboratory, clinical, and affiliating agencies' policies regarding the practice of Standard Precautions in the delivery of care to all patients (regardless of infectious status) must be followed.
5. Laboratories and clinical affiliates will provide necessary personal protective equipment needed to protect faculty and students from direct exposure to potentially infectious materials during patient care.
6. Those with exudative lesions or weeping dermatitis must refrain from all direct patient care and from handling patient care equipment and devices used in performing invasive procedures until the condition is resolved. (Release from a physician will be necessary before resuming direct patient care duties.)

COMMUNICABLE DISEASE POLICY (CONTINUED)

7. If a student, employee, or patient is accidentally exposed to an infectious agent, such as, but not limited to, blood or body fluids, the person will immediately report the incident to the appropriate supervisor as designated in the College Infectious Disease Control Program, Clinic Manual of the program in which the student is currently enrolled, or the guidelines of the affiliated agency where the incident occurred. In addition, the incident must be reported to Campus Security Services. Employees and students are ethically obligated to undergo testing for the pathogen when a patient has been accidentally exposed to their blood or body fluids. An Exposure Incident Authorization for Testing will be completed and filed for all accidental exposures.
8. All patients seeking treatment at Coastal Carolina Community College in an on-campus lab must sign a consent form stating that if a student or employee is exposed to the patient's blood, that the patient agrees to undergo blood testing for blood pathogens. This also applies to students enrolled in skills training involving invasive procedures.
9. Coastal Carolina Community College will provide required immunizations and testing for all employees who have risk of occupational exposure as well as post-exposure follow-up care. See the College Infectious Disease Control Program Manual in the Office of Personnel Services and Workplace Safety for further information.
10. Faculty members are required to stay informed about new developments in infectious diseases and their treatment and to incorporate the new information into the curricula.
11. All employees/students with occupational exposure risk will be provided with an initial training program on bloodborne pathogens and will be updated annually as outlined in the College Infectious Disease Control Program.

COUNSELING AND REHABILITATION SERVICES TO PREVENT SUBSTANCE ABUSE

SEX DISCRIMINATION AND HARASSMENT POLICY

NOTICE OF NONDISCRIMINATION

Coastal Carolina Community College (Coastal), in compliance with and as required by Title IX of the Education Amendments Act of 1972 and its implementing regulations (Title IX) and other civil rights laws, as well as in furtherance of its own values as a higher education institution, does not discriminate on the basis of race, color, national origin, sex, sexual orientation, gender, gender identity, gender expression, pregnancy, disability, age, religion, veteran status, or any other characteristic or status protected by applicable local, state, or federal law in admission, treatment, or access to, or employment in, its programs and activities.

Discrimination and harassment are antithetical to the values and standards of the Coastal community; are incompatible with the safe, healthy environment that the Coastal community expects and deserves and will not be tolerated. Coastal is committed to providing programs, activities, and an education and work environment free from discrimination and harassment. Coastal is also committed to fostering a community that promotes prompt reporting and fair and timely resolution of those behaviors.

Inquiries concerning discrimination or harassment on the basis of sex may be referred to Coastal's Title IX Coordinator, Dr. Annette Harpine, at 910.938.6788.

Inquiries from employees or students, concerning discrimination or harassment based on a protected characteristic or status other than sex may be referred to Dr. Annette Harpine.

Individuals may also make inquiries regarding discrimination or harassment to the U.S. Department of Education's Office for Civil Rights by contacting the District of Columbia Office, 400 Maryland Avenue, SW, Washington, D.C. 20202-1475; Phone 800-421-3481; email: OCR@ed.gov.

PROHIBITION ON SEX DISCRIMINATION AND HARASSMENT, RETALIATION, AND PROVIDING FALSE INFORMATION OR INTERFERING WITH A GRIEVANCE PROCESS

This Policy prohibits discrimination and harassment on the basis of sex. Coastal strongly encourages the prompt reporting of, and is committed to timely and fair resolution of, complaints of sex discrimination and harassment.

Sexual Harassment, as defined by Title IX and herein, is a specific type of sex discrimination/harassment that includes Sexual Assault, Dating Violence, Domestic Violence, and Stalking, which Coastal addresses using its Title IX Sexual Harassment Grievance Procedures, as required by Title IX.

This Policy also prohibits Retaliation, as defined by Title IX and herein. Complaints alleging Retaliation may be filed with the Title IX Coordinator and, at the discretion of the Title IX Coordinator, may be addressed under Coastal's Title IX Sexual Harassment Grievance Procedures or other grievance procedures adopted by Coastal.

SEX DISCRIMINATION AND HARASSMENT POLICY (CONTINUED)

Additionally, any individual who knowingly files a false Formal Complaint or who interferes with a Coastal grievance process may be subject to disciplinary action. Interference with a grievance process may include, but is not limited to, attempting to coerce, compel, or prevent an individual from providing testimony or relevant information; removing, destroying, or altering documentation relevant to an investigation; or providing false or misleading information to Coastal officials who are involved in the investigation and/or resolution of a Formal Complaint, or encouraging others to do so.

REPORTING AND PERIOD OF LIMITATIONS

Any person (whether or not alleged to be the victim) may report sex discrimination or harassment, including Sexual Harassment, in person, by mail, by telephone, or by electronic mail, using the contact information for the Title IX Coordinator listed in this document, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

Coastal *strongly encourages* all employees and other members of the Coastal community to promptly report concerns regarding suspected or known discrimination/harassment on the basis of sex to the Title IX Coordinator.

Additionally, Coastal has designated the following employees as confidential resources for students.

Director for Admissions & Counseling Services, 910-938-6245

Coordinator for Disability Support Services, 910-938-6245

Academic Counselor, 910-938-6245

Information about sex discrimination or harassment shared with these confidential resources typically will not be reported to other Coastal personnel (including the Title IX Coordinator), to the Respondent, or to others, unless the disclosing individual gives consent to the disclosure, or the law requires it (as may be the case with abuse involving a minor or under conditions involving imminent physical harm, for example). (Confidential resources may report *non-identifying* statistical information to the Title IX Coordinator for recordkeeping and compliance purposes.)

Coastal will address allegations of sex discrimination and harassment appropriately no matter the length of time that has passed since the alleged conduct. However, Coastal strongly encourages prompt reporting to preserve evidence for a potential legal or disciplinary proceeding. Delay may compromise the ability to investigate, particularly if the individuals involved in the alleged conduct are no longer Coastal students or employees.

APPLICABILITY OF POLICY AND GRIEVANCE PROCEDURE

This Policy applies to any allegation of sex discrimination or harassment made by or against a student or an employee of Coastal or a third party, regardless of sex, sexual orientation, sexual identity, gender expression, or gender identity.

EMPLOYMENT OF COLLEGE PERSONNEL

AUTHORITY OF THE BOARD

Among the powers and duties of the Board of Trustees of Coastal Carolina Community College is the authority to elect or employ all of the personnel of the College upon nomination by the President, subject to standards established by the State Board of Community Colleges (NC General Statutes 115D-20).

AUTHORITIES DELEGATED TO THE PRESIDENT

The Board of Trustees has delegated the authority for employing all personnel other than the President of the College to the President (Bylaws of the Board of Trustees, Revised 2022, Article VI, Section 2-C). This employment authority also includes lateral transfers, promotions, non-renewals, terminations, and other changes in employment status, as well as the authority to set and revise base salaries, within the approved Salary Plan, for all College personnel except the President.

AT-WILL EMPLOYMENT DOCTRINE

All employees of the College, both full-time and part-time, are hired under North Carolina's "at-will employment doctrine." While most of these employees will receive contracts for specified work periods (not to exceed one full fiscal year), these contracts are provided solely for the purposes of providing reasonable job security and adequate due process protection from inappropriate, illegal, or inequitable supervisory treatment during the contract period and for affording the students of the College a reasonable expectation of continuity of instruction during the academic semester.

Nothing written herein or elsewhere in this handbook shall be interpreted as providing contractual employees an expectation of continued employment beyond the specified contract period. The "At-Will Employment" relationship cannot be modified by any oral or implied agreement.

CATEGORIES OF EMPLOYMENT

The categories of employment include the following (**Note: The term "permanent" as used in this context refers to the position, not the employee currently holding the position, and does not connote or imply in any fashion a continued expectation of employment beyond the incumbent employee's current contract.**):

- a. **Full-time Permanent** - This is a position established in the budget as a recurring position each year, unless specific action is taken by the President or his designee to eliminate it therefrom. Employees in full-time permanent positions include all employees who have a written letter of intent to employ, a signed and dated annual contract, and whose average workweek meets the College-defined full-time workweek.

Full-Time Faculty and Staff Handbook

Section II

Page 20

Employees in part-time permanent positions are those employees who are hired under a signed and dated contract and whose assigned workweek is at least 30 hours per week but less than 40 hours per week.
- c. **Full-time Temporary** - This is a position not established in the budget as a permanent/recurring position. Employees in full-time temporary positions are those employees who are hired for a period of no more than nine consecutive months per calendar year and whose assigned workweek meets the College-defined full-time workweek.
- d. **Part-time Temporary** - This is a position not established in the annual budget as a permanent recurring position.
- e. **Work Experience** - This category includes, but is not necessarily limited to, on- or off-campus placements designed to provide approved participants with career exploration or skill development.

BENEFITS FOR VARIOUS EMPLOYMENT CATEGORIES

Benefits provided for the various employment categories are as follows:

- a. **Full-time Permanent** - Employees are entitled to benefits provided to state employees, as well as all benefits not set by statute, which have been approved by the Board of Trustees.
- b. **Part-time Permanent** - Employees are entitled to a pro-rata share of benefits provided to state employees, as well as all benefits not set by statute, which have been approved by the Board of Trustees.

- d. **Part-time Temporary** - Employees are entitled to benefits as required by applicable law.
- e. **Work Experience** - Employees are entitled to benefits as required and funded by the applicable grant.

SALARY PLAN

DESIGN AND PURPOSE

This salary plan has been designed to provide for the distribution of salary funds in an equitable manner regardless of race, religion, creed, sex, age, disability, political affiliation, or national origin. The plan also allows for the allocation of funds required to attract and retain competent staff and faculty. The plan establishes a starting base salary which is reviewed and determined annually for each of the following categories:

- Executive/Administrative/Managerial
- Instructional
- Professional
- Clerical
- Technical/Paraprofessional
- Skilled Crafts
- Service/Maintenance

APPLICABILITY

The salary plan outlined in this policy is applicable to all full-time institutional personnel, except the President, whose salary is determined and established by the Board of Trustees and the State Board of Community Colleges.

ESTABLISHMENT OF BASE SALARY

The base salary is established according to the salary plan. Funds are provided by the State of North Carolina, Onslow County, and/or special allocations. The base may be adjusted annually depending upon the availability of funds. A minimum starting salary is established for each of the categories of employment. Minimum salaries are consistent with the requirements under the Fair Labor Standards Act. All positions, once established, will remain in the category for which they have been approved. A change in the classification of a position must be approved by the President and will be made only upon determination that the individual's responsibilities have increased so substantially that the classification is no longer considered appropriate.

All positions at the College will be assigned to one of the specific categories listed previously. The starting salary for that position is expected to be at or near the stated minimum. Any exceptions must be approved by the President or designee of the President in advance of the establishment of the individual's salary. Factors which would suggest that a person should be hired at higher than the minimum could include, but are not limited to, work experience at Coastal Carolina Community College, other work experience, special responsibilities, credentials and/or advanced degrees, or in the case of specific hard-to-fill positions, demand.

ANNUAL EMPLOYMENT RECOMMENDATIONS

Annually, personnel who supervise and evaluate the work of others will make re-employment recommendations. The President, upon the recommendation of the Vice Presidents, will exercise final approval regarding all full-time faculty and staff who will be offered employment for the succeeding year, contingent upon the availability of State, County, and/or institutional funds.

CONTRACTS

Full-time contracts are issued following legislative budget action and approval by the President. Employees who wish to accept a contract are expected to return the signed contract within the time specified at issuance. The employee's copy of the contract will be returned to the employee in a timely fashion after receipt by the College.

CONTRACT PERIOD - STAFF

Full-time employees in good standing receive a 12-month contract renewed on a fiscal-year basis (July 1 through June 30). Persons who enter the employment of the College during the fiscal year will receive a contract not to exceed the remainder of the fiscal year. However, contracts of other duration may be issued under exceptional circumstances to be determined on a case-by-case basis.

CONTRACT PERIOD - FACULTY

Full-time curriculum faculty members are classified into three distinct categories, depending on how many months of employment are contracted. The contracts will show a monthly salary which will remain constant over the period of the contract regardless of the number of actual workdays in any given month. The number of days in an academic semester is determined by the administration, and the workdays in a given month will vary depending upon semester breaks, holidays, etc. For purposes of determining the contract period, the annual fall workshop day(s) should be considered a part of the fall academic semester, and the annual spring professional development day(s) should be considered a part of the spring academic semester.

1. Nine-month faculty are contracted to work the fall and spring semester on a single contract renewed at the start of the fall semester.
2. Ten and one-half-month faculty are contracted to work the fall and spring semester on a single contract, as well as one and one-half months of contracted summer employment.
3. Twelve-month faculty are contracted to work the fall and spring semester on a single contract and will be issued additional contract(s) for the summer semester.
4. Contracts of other duration may be issued under exceptional circumstances to be determined on a case-by-case basis.
5. Nine-month faculty are not guaranteed employment in the summer semester. Employment of nine-month faculty in the summer is a factor of enrollment and will be determined by the appropriate Vice President or his/her designee. Two contracts may be issued to accommodate the start of the new fiscal year on July 1.

Note: Upon termination of employment for either faculty or staff, whether voluntary or involuntary, the last date worked is the date of separation and the final day of salary compensation. Leave may not be used terminally, except in the case of disability retirement.

ANNUAL PERFORMANCE APPRAISAL

All full-time permanent and part-time permanent employees of the College shall participate in a performance appraisal process at least once each year.

The performance review will be documented in writing, and the supervisor will hold a conference with the employee to discuss the performance appraisal. Each spring, performance reviews will be completed prior to the mailing of letters of intent to re-employ permanent faculty and staff. For any item on which the supervisor evaluates the employee's performance as being less than "acceptable" or "meets expectations," the supervisor shall make specific written recommendations for improvement.

Both the supervisor and the individual employee must sign and date the evaluation form, acknowledging that the performance appraisal did take place and that it was discussed with the employee. The employee's signature on an evaluation does not indicate automatically that he/she agrees with the supervisor's appraisal. The employee may write a brief response and request that it be attached to his/her evaluation form.

The original annual performance appraisal, signed and dated by both the supervisor and the employee, will be placed in the employee's official file in the Office of Personnel Services and Workplace Safety. A copy of the completed form will be provided to the employee upon request.

FULL-TIME FACULTY EVALUATION

PROCEDURES FOR FACULTY EVALUATION

The following procedures and criteria for faculty evaluation are intended to provide a general idea of the processes through which effectiveness of instruction at the College is determined. The items listed are not intended as an all-inclusive list of the measures of effectiveness.

STUDENT EVALUATION OF FACULTY

1. Student evaluation of instruction takes place at least once per academic year for all full-time faculty. Instructors in their first year may be evaluated every semester.
2. Class-by-class results of student evaluations are made known to each instructor. The results should assist the faculty member in determining his/her instructional effectiveness.

SUPERVISORY EVALUATION OF FACULTY

1. Each spring semester full-time instructors complete the self-evaluation portion of the Faculty Performance Appraisal and Development Form. The appropriate supervisor completes the form for each instructor and discusses it with the instructor.
2. The appropriate Vice President will receive and review the evaluation of each full-time instructor. Either the faculty member or the Vice President may request a conference to discuss any or all evaluations.

CRITERIA FOR FACULTY EVALUATION

Faculty are evaluated at least once each year by students and supervisors. In addition, each faculty member evaluates his/her own performance each year. These three sources of information are then combined to determine an annual rating for each faculty member. The ratings are as follows:

- a. Meets Expectations
- b. Needs Improvement
- c. Unacceptable

Copies of the official evaluation forms are available from the Office of Personnel Services and Workplace Safety.

REDUCTION IN FORCE

Financial exigency, decline in student enrollment, or the reduction in size, consolidation, or elimination of programs or services may necessitate a reduction in the number of personnel employed by the College.

The President of the College shall monitor the availability of financial resources, enrollment figures, program needs, and staffing requirements and when necessary, shall initiate a reduction in force.

Under normal conditions, a reduction in force shall be announced prior to Letters of Intent being mailed to full-time permanent and part-time permanent employees in the spring of the year. Under such circumstances, the employees affected would be given as much advance notice as possible but no less than 30 days prior to the end of their current contracts.

Under severe and totally unexpected circumstances requiring the layoff of numerous employees during a contract year, the President shall ask the Board of Trustees to declare a financial emergency. An immediate reduction in force will be initiated as soon thereafter as practicable.

ORDER OF LAYOFF

Decisions to reduce the total number of full-time permanent and part-time permanent employees of the College due to a reduction in force caused by a financial emergency shall be in accordance with the College's equal employment opportunity obligations and shall be based in the order of the following considerations:

1. Established needs and priorities of the College, as determined by the President;
2. Employee performance, to include, but not limited to, student success data, student retention data, scope and/or volume of available work, skill and ability to fulfill needs of the institution, and/or disciplinary actions received by the employee;
3. All other factors being substantially equal, seniority.

The College's Grievance Procedure is not available to employees whose positions are eliminated as a result of reduction in force.

These offenses are not all-inclusive, but serve to illustrate certain types of unacceptable behavior which may result in disciplinary action, including dismissal for just cause if deemed serious enough to require termination during a contract period or non-reappointment at the end of the contract period. DISCIPLINE, NON-REAPPOINTMENT, AND GRIEVANCE PROCEDURE

1. PURPOSE

The purpose of this Discipline, Non-Reappointment, and Grievance Procedure is to ensure that, where appropriate, employees will be afforded adequate notice and an opportunity to respond to any charges that may result in disciplinary action, to inform employees of the College's procedures relating to non-reappointment, and to assure employees that their grievances (including those relating to disciplinary action) will be considered fairly, rapidly, and without reprisal.

Coastal Carolina Community College operates under the Employment at Will Doctrine. Annual and shorter term contracts are extended to employees to provide adequate due process protection from inappropriate, illegal, or inequitable supervisory treatment during the contract period, and to afford the students of the College a reasonable expectation of continuity of instruction during the academic semester. DISCIPLINE, NON-REAPPOINTMENT, AND GRIEVANCE PROCEDURE (CONTINUED)

3. DISCIPLINE PROCEDURE

Employees may be disciplined for any of the reasons described in the College's policy on Disciplinary Actions and in other policies and procedures applicable to College employees. Any supervisor administering discipline other than an oral warning shall consult first with the appropriate Vice President. This is for the purpose of achieving reasonable uniformity in administering discipline by coordination through appropriate managerial personnel and a centralized office.

a. Oral Warnings

Oral warnings may be administered by any supervisor. While not required, the supervisor may submit a written report to the appropriate Vice President describing the disciplinary action taken.

b. Written Warnings

Written warnings must be approved by the appropriate Vice President before being administered. The written warning should describe the offense(s) with which the employee has been charged, the supervisory expectations, and the consequences should the prohibited conduct continue. A copy of the written warning should be provided to the appropriate Vice President and the Office of Personnel Services and Workplace Safety. The Vice President will determine whether or not the warning will be placed in the disciplined employee's personnel file. Prior to a written warning being placed in an employee's file, he/she will be given an opportunity to file a rebuttal statement.

c. Disciplinary Actions Requiring a Pre-Disciplinary Conference

Prior to any disciplinary action other than an oral warning or a written warning, a contractual employee will be afforded the opportunity to participate in a pre-disciplinary conference, at which the employee will be provided with notice of the charges against him/her and an opportunity to respond to those charges. The College officials participating in the conference shall include the appropriate Vice President and the employee's immediate supervisor, unless one of these persons is disqualified because of his/her involvement in the alleged charges; in which case, the President shall appoint another designee. Any response by the employee to the charges will be considered by these said College officials prior to their decision regarding any disciplinary action against the employee. The employee then will be notified in writing of the final decision regarding disciplinary action within five (5) workdays.

A copy of the notice of final disciplinary action should be provided to the Director of Personnel Services and Workplace Safety, who will place it in the employee's personnel file. The employee does not have the right to be represented by an attorney at this stage of the discipline procedure.

DISCIPLINE, NON-REAPPOINTMENT, AND GRIEVANCE PROCEDURE (CONTINUED)

d. **Special Rules Relating to Suspension**

Notwithstanding the foregoing, an employee may be suspended with or without pay and without notice by the President of the College or in his absence, his designee, in order to avoid undue disruption of work, to protect the safety of persons or property, or for other serious reasons. In the event of a criminal act, the Chief of Security shall be authorized to remove the individual from the premises. When an employee is suspended without notice, he or she shall be required to leave the College premises at once. The College official responsible for the suspension shall notify the Office of Personnel Services and Workplace Safety immediately. A written summary describing the circumstances and facts leading to the immediate suspension shall be prepared and mailed via certified mail to the suspended employee, and a copy provided to the Director of Personnel Services and Workplace Safety, who will place it in the employee's personnel file. In the event suspension is without pay, an employee shall have a right to a hearing under Step 3 of Section 5 of this policy.

In the event of an employee's suspension without pay for disciplinary reasons, benefits will not accrue or be recoverable during the suspension period. If, following a contractual employee's disciplinary conference or further appeal, a determination is made that the suspension of the employee without pay was improper, the employee will be reinstated to his/her position, and all pay and benefits applicable to his/her job (including back pay, leave time, or other benefits) that would have accrued had the employee not been suspended without pay will be restored.

e. **Right to Appeal**

Employees who wish to appeal any disciplinary action taken against them may have the decision reviewed under the College's Grievance Procedure from the step where the decision was rendered.

4. **NON-REAPPOINTMENT PROCEDURE**

Any contractual employee may be subject to non-reappointment following a contract period. All non-reappointment determinations will be based on the best interests of the College and shall be made in accordance with applicable law and applicable College policies. Contractual employees whose contracts will not be renewed will be notified of their non-reappointment at least fifteen (15) calendar days prior to the effective date of their non-reappointment.

The decision not to reappoint a contractual employee at the conclusion of a contract period is committed, without further recourse, to the judgment of the College President or his designee(s) authorized to make the non-reappointment determination, based on the facts described above, and may not be appealed through the College's Grievance Procedure or otherwise.

DISCIPLINE, NON-REAPPOINTMENT, AND GRIEVANCE PROCEDURE (CONTINUED)

5. GRIEVANCE PROCEDURE

The College's goal is to find solutions at the lowest possible level and to keep proceedings relating to employee grievances as informal and confidential as possible. Supervisors and employees are expected to make every effort to resolve any problems as they arise. An employee's immediate supervisor will be in the best position to handle the employee's grievance satisfactorily.

The College recognizes that not all grievances will be settled satisfactorily between an employee and his/her supervisor, and for this reason, has adopted procedures to assist in the formal resolution of grievances. This grievance procedure is open to all College employees, except in the case of non-reappointment. Supervisors are responsible for making certain that employees under their jurisdiction understand the College's Discipline, Non-Reappointment, and Grievance Procedure, and that employees feel free to use the grievance procedure without fear of criticism or action being taken against them affecting the terms and conditions of their employment. All grievances will be given prompt and objective consideration in an atmosphere of mutual assistance.

Concerning those grievances that cannot be resolved informally by the employee and his or her immediate supervisor, the following procedure is established to ensure fair and impartial review:

Step 1: Within five (5) workdays following his/her knowledge of an event giving rise to a grievance, including receipt of a notice of disciplinary action, an employee must present the grievance in writing to his/her supervisor, who will make a careful inquiry into the facts and circumstances of the grievance. The supervisor will make every effort to resolve the matter promptly and fairly and, in any event, within ten (10) workdays of the date presented. When dealing with disciplinary action, this step is equivalent to a pre-disciplinary conference.

If the employee's grievance involves the conduct of or the decision of his/her immediate supervisor, the employee may submit the grievance directly to the appropriate Vice President.

Step 2: An employee who is dissatisfied with the decision of his/her supervisor may submit the grievance in writing to the appropriate Vice President within five (5) workdays after the decision is made known to the employee. The grievance must include the date of the incident that gave rise to the grievance, a brief description of the grievance, and the relief that the employee is seeking. If a grievance in proper form is not submitted within the specified time period, the subject of the grievance will be considered settled on the basis of the decision made at Step 1 of this grievance procedure.

Full-Time Faculty and Staff Handbook

Section II

Page 41

DISCIPLINE, NON-REAPPOINTMENT, AND GRIEVANCE PROCEDURE (CONTINUED)

If the procedures set forth in Step 1 have been followed, and further review of a decision made at Step 1 of this grievance procedure is requested, the appropriate Vice President will make such investigations as he/she deems appropriate, and will make an independent determination on the merits of the grievance. No additional evidence will be taken unless the Vice President deems it appropriate. The Vice President will inform the employee in writing of his/her findings and decision within ten (10) workdays after receipt of the employee's grievance. In appeals from oral or written warnings, the Vice President will be assisted by the Director of Personnel Services and Workplace Safety in the above-described investigation and grievance determination process.

Step 3: At any time within five (5) workdays following receipt of the decision of the Vice President or within five (5) workdays after the date of involuntary termination from employment, the employee may submit a written request for further review of his/her complaint to the President.

Step 4: The President will conduct a hearing within thirty (30) workdays of the date on which the written request for hearing is received by the President, unless extenuating circumstances exist, which said circumstances shall be left solely to the determination of the President. The President shall notify the employee of the time and place of the hearing. The employee shall have the opportunity to appear before the President and shall have the right to have witnesses testify in his/her behalf and present any evidence he/she wishes. The hearing need not be conducted strictly according to rules of law relating to the examination of witnesses or presentation of evidence. Any relevant matter on which responsible persons customarily rely in the conduct of serious affairs shall be considered, regardless of the existence of any common law or statutory rule which might make evidence inadmissible over objections in a civil or criminal action.

The employee for whom the hearing is being held shall, prior to or during the hearing, be entitled to submit memorandum(s) concerning any issue, procedure, or fact, and such memorandum(s) shall become a part of the hearing record. The hearing may be transcribed or recorded. Within thirty (30) workdays after the conclusion of the said hearing, the President shall make a final and binding decision whether or not to uphold or reverse the disciplinary action taken against the employee and will provide the employee with written notice of his/her decision. The decision shall be immediately effective and final and shall not be subject to further administrative review.

DISCIPLINE, NON-REAPPOINTMENT, AND GRIEVANCE PROCEDURE (CONTINUED)

Failure to request review of a decision relating to disciplinary action or a grievance, in accordance with the provisions of this grievance procedure, shall be deemed to be a waiver of the opportunity to receive such review; unless the College official, at the level where review is sought, determines that extenuating circumstances have prevented the employee from requesting review in a timely manner. In such case, the College official, at his/her sole discretion, may extend the applicable deadline for requesting review.

LEAVE (GENERAL POLICY)

All categories of leave are applicable to full-time permanent and part-time permanent employees only. The College shall endeavor to keep attendance of employees at a maximum and absences at a minimum. However, the College realizes that absences are unavoidable and inevitable, and, therefore, allows certain absences and absence payments.

PURPOSE

- (a) To help maintain a high quality of instruction and the highest possible point of efficiency and dependable supportive services.
- (b) To permit bona fide absence without unduly jeopardizing an employee's income or job status.
- (c) To prevent an employee who has been ill or injured from becoming a potential health or safety hazard by returning to duty too soon.

PROCEDURE

Rights of the College

The College reserves the following rights:

1. To authorize, or to refuse to authorize, the advance request of an employee for permission to be absent.
2. To investigate absences.
3. To determine whether or not an absence is unavoidable or justifiable.
4. To deny absence pay for absence in violation of this policy.

Responsibilities of All College Personnel

All College personnel have the following obligations and responsibilities concerning absence, regardless of regular or temporary status, position or work assignment, eligibility or non-eligibility for absence pay, or whether it is a regularly scheduled workday or non-scheduled workday.

1. Advance Notice

When the need for being absent from work is known in advance, the employee must notify his/her immediate supervisor as far in advance as possible. For faculty, efforts should be made to arrange for substitute instructors so that scheduled classes will be held.

2. Notice of Unexpected Absences

When a College employee has not given advance notice but finds that it is impossible to report for work, the employee or someone else must notify his/her immediate supervisor before starting time if possible. If the supervisor is notified via phone, the employee must ensure receipt by their supervisor before the starting time, if possible.

ANNUAL LEAVE

FACULTY

With the possible exception of Division Chairs, full-time curriculum faculty members do not earn annual leave. Unscheduled days between academic semesters may be taken as "vacation" after grades and end-of-term reports have been filed with the appropriate College officials (See Academic Calendar). In certain circumstances, faculty may be required to report to work between semesters.

DIVISION CHAIRS

Due to the nature of their administrative duties, Division Chairs may request eligibility for annual leave subject to the approval of the appropriate administrator. If approved, a 40-hour weekly schedule is required, and annual leave requires administrative approval. Division Chairs in this status are not eligible for personal leave as defined later in this section.

For those Division Chairs who are not eligible for annual leave, up to five vacation days may be accrued for administrative duties which must be performed during the semester breaks, i.e. registration; recruitment, hiring, and orientation of faculty; curriculum development; etc.

STAFF/CONTINUING EDUCATION FACULTY

A full-time monthly salaried permanent or probationary employee who is working or on paid leave for one-half or more of the regularly scheduled workdays in any month earns annual leave. The rate is based on the length of aggregate state service with the North Carolina Retirement System.

1. Amount Earned

The majority of the monthly salaried College employees are scheduled to work eight hours per day. Since there are other schedules in existence due to the nature of the work, the annual leave rates are stated in terms of hours rather than days; this requires no conversion for special schedules. Annual leave for monthly salaried employees shall be computed at the following rates:

Years of Aggregate <u>State Service</u>	Hours Earned <u>Each Month</u>	Hours Earned <u>In One Year</u>
Less than 2 years	8 hours	96

15 but less than 20 years	15 hours 30 minutes	186
20 years or more	17 hours 30 minutes	210

A part-time permanent or probationary employee who is employed on a continuing basis with a part-time permanent appointment in a budgeted position for as much as half-time shall earn annual leave on a pro-rata basis if he/she works one-half or more of the scheduled workdays in a month. The leave shall be computed as a percentage of the total amount earned by a full-time employee.

2. Maximum Accumulation

- (a) Annual leave may be accumulated without any applicable maximum until December 31 of each calendar year. However, if the employee separates from service, payment for accumulated annual leave shall not exceed 240 hours. On December 31, any employee with more than 240 hours of accumulated leave shall have the excess accumulation transferred to sick leave so that only 240 hours are carried forward to January 1 of the next calendar year.
- (b) Employees are cautioned if they retain excess accumulation of annual leave they may not have the opportunity to use it prior to the end of the calendar year. Due to the necessity to keep all College functions in operation, large numbers of employees cannot be granted annual leave at any one time. If an employee has excess leave accumulation during the latter part of the year and is unable to take such leave because of staffing demands, the employee shall receive no special consideration in having annual leave scheduled.

3. Aggregate State Service

- (a) Aggregate state service shall include on a month-for-month basis all full-time permanent and part-time permanent (half-time or more) employment with the state, whether such service was exempt from or subject to the Personnel Act.

ANNUAL LEAVE (CONTINUED)

(b) Credit shall also be given for:

- Employment with other North Carolina technical institutes or colleges.
- Authorized military leave from any of the governmental units for which service credit is granted, provided the employee is reinstated within the time limits outlined in the state military leave policies.
- Employment with county Agricultural Extension Service, community college system and the public school system of North Carolina, with the provision that a school year is equivalent to one full year.
- Employment with a local mental health, public health, social services, or civil defense agency in North Carolina.

4. Advancement

The appointing authority may advance annual leave not to exceed the amount an employee can earn during their current contract or the difference between the amount of accumulated leave carried forward and the maximum allowable. If an employee overdraws leave, his salary is docked accordingly in the following month's paycheck.

5. Scheduling Annual Leave

- (a) Annual leave shall be taken only upon authorization of the appointing authority who shall designate such time or times when leave will not interfere with the efficient operation of the College.
- (b) Annual leave shall be taken in half-hour units.

6. Leave Charges

Only scheduled work hours shall be charged in calculating the amount of leave taken. Saturdays, Sundays, and/or holidays are charged only if they are scheduled workdays.

7. Annual Leave Transferable

Unused annual leave shall be transferred when an employee transfers between State agencies. Annual leave may also be transferred to a local mental health, public health, social services, or civil defense agency if the agency is willing to accept the leave; otherwise,

the employee leaving state service will be paid in a lump sum for accumulated annual leave. When a local employee transfers from one of the agencies listed above to a state agency, annual leave (not to exceed 240 hours) or any portion of unused leave may be transferred to the state agency. If a person requests and is paid for unused annual leave at the time of transfer to or from a local agency, this will not preclude consideration from transferring sick leave.

8. Other Uses of Annual Leave

- (a) Annual leave may be used for medical appointments.
- (b) Annual leave may be used in lieu of sick leave after all sick leave is exhausted.
- (c) Annual leave may be used for absences as a result of adverse weather conditions.

Annual leave may not be used terminally upon separation from employment.

9. Options During Leave Without Pay (With Regard to Annual Leave)

An employee going on Sick Leave Without Pay, Military Leave Without Pay, extended Parental Leave Without Pay, Worker's Compensation Leave, or any other Leave Without Pay may exhaust annual leave or may retain part or all of accumulated leave until the employee returns from leave without pay, the only exceptions being if an employee has accumulated annual leave, all annual leave must be exhausted before going on leave without pay for vacation purposes.

10. Separation - Payment of Annual Leave

- (a) Lump-sum payment for annual leave is made the month following the date of separation. An employee shall be paid in a lump sum for accumulated annual leave not to exceed a maximum of 240 hours when separating from state service due to resignation, dismissal, reduction in force, death, or service retirement.
- (b) Should an employee be separated before earning all of the annual leave taken, it will be necessary to make deductions from the final salary check for overdrawn leave on a calendar-day basis. It will be deducted in half hour units.
- (c) Payment for annual leave will be made on the regular payroll, reflecting the number of days of annual leave and the amount of payment. Annual leave may be paid through the last full hour of unused leave. A separate check must be issued for any travel due.
- (d) Retirement deduction shall be made from all terminal leave payments.

ANNUAL LEAVE (CONTINUED)

- (e) Receipt of lump-sum payment and retirement benefits shall not be considered as dual compensation.
- (f) In the case of a deceased employee, payment for unpaid salary, terminal leave, and travel must be made, upon establishment of a valid claim, to the deceased employee's administrator or executor. In the absence of an administrator or executor, payment must be made to the Clerk of Superior Court of the county of the deceased employee's residence. (Note: N.C.G.S. 28A-25-6)
- (g) Termination of Benefits: The last day of work is the date of separation, except when an employee exhausts sick and annual leave before disability retirement, the date separated will be the ending date of paid leave. In the latter case, the employee continues to earn benefits during the period of exhausting leave.

11. Leave Records

It is the responsibility of the College to maintain annual records for annual leave earned and taken for each employee. The Accounting Office maintains a record of each employee's leave. It is the responsibility of the employee to verify that time sheets are accurate. Time sheets should be completed and turned in to the Accounting Office by the fifth day of the following month.

CIVIL LEAVE

JURY DUTY

An employee who serves on a jury is entitled to leave with pay for the period of absence required and to regular compensation plus fees received for jury duty.

COURT ATTENDANCE

1. When an employee attends court in connection with official duties, no leave is required. Fees received as a witness while serving in an official capacity shall be forfeited to Coastal Carolina Community College. (When an employee is required to attend court on a day that would normally be a day off, the time is to be considered as working time and is included in the total hours worked per week).
2. When an employee is subpoenaed or directed by proper authority to appear as a witness, civil leave with pay shall be granted. Any fees received shall be forfeited to Coastal Carolina Community College. The employee may use annual leave rather than take civil leave with pay in which case any fees received may be retained.
3. An employee who is a party (plaintiff or defendant) in a court procedure is not considered as a witness and must use annual leave and/or leave without pay if staff, or personal leave and/or leave without pay if faculty, for purposes of attending court.

COMPENSATORY LEAVE NON-EXEMPT EMPLOYEES

OVERTIME

1. Coastal Carolina Community College abides by all applicable sections of the Fair Labor Standards Act with regard to compensatory time. The College will properly record all applicable overtime earned for each covered employee. This overtime policy is applicable only to employees of Coastal who are exempt from overtime rules of the Fair Labor Standards Act.
2. Employees are expected to work during all assigned periods exclusive of breaks or meal times. One 15-minute break at mid-morning and one 15-minute break at mid-afternoon may be authorized by the immediate supervisor. Breaks are not an entitlement but a privilege and are counted as work time. Breaks may not be used in conjunction with lunch breaks, starting time, or quitting time. Employees are not to perform work during mealtime or at any time that they are not scheduled to work, unless they receive approval from their immediate supervisor, except in cases of emergency. An emergency exists if a condition arises that could reasonably result in damage to property or persons and requires immediate supervisor approval of the overtime worked as soon as practical following completion of the work.
3. Compensatory time is awarded hour-for-hour in all cases except when the actual hours worked in the standard workweek exceeds forty (40) hours for a seven (7) day work period. The standard work period or workweek is Monday through Sunday. Sick leave, holidays, and vacation leave in a seven (7) day work period will not count toward computing actual work hours.
4. It is the policy of the College that non-exempt employees are compensated through the time-off plan.

TIME-OFF PLAN

Under the time-off plan, overtime hours worked in the last week or days of the pay period, for which time off cannot be taken before the end of the pay period, must be paid in cash since the overtime hours cannot be accumulated or given in another pay period. However, the federal regulations provide an exception for the time of payment of overtime pay when the amount of overtime cannot be determined until some time after the regular pay period, or if it is not practicable to pay the overtime on the regular pay day because such information cannot be provided to the personnel who physically prepare the paychecks or pay envelopes in time to include it on the regular pay day (29 CFR 778.106). In such instances, the federal requirements will be satisfied if the employer pays the excess overtime as soon after the regular pay period as is practicable and payment is not delayed any longer than the next regular pay day. As a practical matter, if an employer's time-off policy provides that the time off for overtime worked in any workweek must be taken within the same pay period or within the subsequent pay period, the time-off plan can be used so that a fixed wage or salary can still be paid each week and there will be no overtime compensation liability.

Section II

Page 60

COMPENSATORY LEAVE NON-EXEMPT EMPLOYEES (CONTINUED)

REQUIRED RECORDS

However, even if the control of hours allows the amount of each paycheck to remain at a fixed amount each pay day, the principle of the time-off plan must be reflected in the payroll records. Regulations adopted pursuant to the FLSA require every employer to keep certain records for all employees subject to the minimum wage and overtime provisions. This includes (1) the regular hourly rate of pay for any week when overtime is worked and overtime excess compensation is due; (2) hours worked each workday and total hours worked each workweek; (3) total daily or weekly straight-time earnings or wages (that is, the total earnings or wages due for hours worked during the workday or workweek, including all earnings or wages due during overtime worked, but exclusive of overtime excess compensation); (4) total overtime excess compensation for the workweek (that is, the excess compensation for overtime work which amount is over and above all straight-time earnings or wages also earned during overtime worked); (5) total wages paid each pay period; and (6) date of payment and the pay period covered by payment. (29 CFR 516.2.) Hence, even if the paycheck amount remains the same each pay period, the payroll must reflect that time and one-half overtime was paid for weeks in which there were overtime hours worked and a lesser amount of straight-time earnings were paid in the weeks when the employee worked fewer hours because of time off.

Any overtime must be documented on the time sheet.

ELIGIBILITY

Overtime is earned by non-exempt employees only. Exemption status is indicated on all position descriptions.

FAMILY AND MEDICAL LEAVE

In accordance with Family and Medical Leave, the College will grant up to twelve weeks of unpaid, job protected leave to eligible employees for certain family and medical reasons. Employees who have worked for the College for one year and at least 1250 hours over the previous 12 months are eligible for Family and Medical Leave.

PURPOSES

Family and Medical Leave will be granted for any of the following reasons:

- to care for the employee's child after birth or placement by adoption or foster care;
- to care for the employee's spouse, son, daughter, or parent who has a serious health condition; or
- for a serious health condition that makes the employee unable to perform the employee's job.

A total of up to twelve weeks of leave in a 12-month period will be granted. However, if paid leave such as sick leave, annual leave, personal leave, or Paid Parental leave is used, the period of paid leave used will be subtracted from the total of twelve weeks of Family and Medical Leave available.

ADVANCE NOTICE AND MEDICAL CERTIFICATION

Employees are expected to provide at least 30 days advance notice when the leave is foreseeable. The College may require medical certification to support a request for leave because of a serious health condition and may require second or third opinions at the College's expense. The College may also require a physician's notification that the employee is fit to return to work. The taking of leave may be denied by the College if notice and certification requirements are not met. Employees expecting to use Family and Medical Leave should discuss the options available with the Office of Personnel Services and Workplace Safety and their direct supervisor, to permit the operations of the College to proceed, while meeting the needs of the employee.

JOB BENEFITS AND PROTECTION

When Family and Medical Leave is used, the College will maintain the employee's coverage under the paid benefits described elsewhere in the Handbook. In the event the employee does not return from Family and Medical Leave, any benefits paid must be repaid by the employee. Upon return from Family and Medical Leave, employees will be restored to their original or other positions for which they are qualified with equivalent pay and benefits. The use of the leave will not result in the loss of any employment benefit which has accrued prior to the start of leave.

MARRIED EMPLOYEES

When both spouses are employed by the College, the full amount of leave is limited to a total of twelve weeks for both, when the leave is used for the birth, adoption, or foster care of a child or to care for a sick parent.

LEAVE WITHOUT PAY

Any eligible employee may request to be absent from his/her assigned duties without pay. Such a request is subject to the approval of his/her supervisor and the appropriate Vice President. Employees may also be assigned by their supervisor to leave without pay status as a result of unauthorized absence or absence when all other forms of leave have been exhausted.

SICK LEAVE WITHOUT PAY

Leave without pay may be granted for the remaining period of sickness or disability after sick leave has been exhausted (see Sick Leave and Family and Medical Leave).

VACATION PURPOSES

An employee approved for leave without pay for vacation purposes must first exhaust any accumulated annual leave.

UNAUTHORIZED ABSENCE

Employees assigned to leave without pay for unauthorized absence may be subject to further disciplinary action to be determined on a case-by-case basis.

BENEFITS

Employees who are in an unpaid status other than Family and Medical Leave for more than one-half the number of workdays in a given month must pay their own benefits. Nine month faculty who do not teach in the summer must return in the Fall in a full-time capacity order to have their benefits paid during summer semester.

PAID PARENTAL LEAVE

In accordance with 1 C SBCCC 200.100 (Paid Parental Leave), the College provides and administers paid parental leave to eligible employees who are in a permanent, time-limited, or probationary appointment. Temporary employees are not eligible for paid parental leave. Paid parental leave may be used only once for a qualifying event within a 12-month period. The fact that a multiple birth, adoption, or other legal placement occurs (e.g., the birth of twins or adoption of siblings) does not increase the total amount of paid parental leave granted for that event. Unused paid parental leave is forfeited 12 months from the date of the qualifying event, and paid parental leave shall not accrue or be donated to another employee. Employees shall not be paid for the leave upon separation from the College, and leave provided by the College shall not be used for calculating an employee's retirement benefits and shall not accrue or be donated as voluntary shared leave.

At the time of the qualifying event, the employee must meet each of the following conditions:

1. For the immediate 12 preceding months, the employee has been employed without a break in service, as defined by 25 NCAC 01D.0114, by the State of North Carolina in a permanent, time-limited, or probationary appointment.
 - (a) Periods of worker's compensation or short-term disability months preceding the qualifying events do not make the employee ineligible for paid parental leave.
 - (b) Periods of leave without pay, as defined in 25 NCAC 01E.1100, shall not constitute a break in service.
2. The employee has been in pay status with the State of North Carolina for at least 1,040 hours during the previous 12-month period becoming eligible for Family and Medical Leave.
 - (a) Exhaustion of Family and Medical Leave does not affect eligibility for paid parental leave.

Full-time employees eligible for paid parental leave may take, in their discretion, up to the following amounts of leave: Eight weeks of paid leave after a parent gives birth to a child, or four weeks of paid leave after any other qualifying event. Each week of paid parental leave under this policy shall result in compensation at 100% of the eligible employee's regular, straight-time weekly pay excluding shift differential, premium pay, or overtime. Part-time employees may be eligible for paid parental leave, if they meet the eligibility requirements, under the provisions established within the State Board of Community Colleges Code.

When requesting the use of paid parental leave, whenever possible, eligible employees shall notify the College at least 10 weeks in advance of their intention to use paid parental leave. Employees may withdraw their request for paid parental leave at any time. Absent unusual circumstances, the employee shall be required to comply with College leave request procedures. The College shall not deny, delay, or require intermittent use of paid parental leave to employees who gave birth and seek to use paid parental leave in one continuous period. For all other employees, the College may delay providing paid parental leave or may provide paid parental leave intermittently if it determines that providing the leave will cause a public safety concern.

SHARED SICK LEAVE

The intent of shared sick leave is to assist employees who are experiencing serious medical complications. While not addressing all issues, the purpose is to help alleviate financial hardship associated with extended absences.

PROCESS

1. Full-time permanent and part-time permanent employees who have exhausted all paid leave options are eligible to receive shared sick leave.
2. Requests to receive sick leave must be submitted by the eligible employee to his/her immediate supervisor. In case the employee is incapacitated, the immediate supervisor may submit the request to the review committee.
3. Requests should include the estimated number of hours needed and documentation to support the employee's case. Unusual circumstances should be described in detail.
4. A five-person review committee, selected by the Vice Presidents and approved by the President, will examine the request for shared sick leave. If the committee approves the request, full-time and permanent part-time employees will be notified and given the opportunity to donate their leave to the applicant.
5. A donor must maintain at least 80 hours of sick leave.
6. An employee will receive no compensation for donating hours.
7. An employee may receive a maximum of 240 hours for each approved request. The donated leave may be used during the remainder of the major contract period for the approved circumstance. Unused leave will be returned to the donors at the end of the contract period.

- (a) Sick leave is not allowable in terminal leave payments when an employee separates from State service.
- (b) Should an employee be separated before all of the sick leave taken has been earned, it will be necessary to make deductions from the final salary check for overdrawn leave on an hour-for-hour basis.
- (c) Sick leave shall be exhausted before going on leave without pay because of extended illness. Partial days may be exhausted through the last full hour of leave. While exhausting sick leave, all benefits for which the employee is entitled are earned. For application of sick leave in connection with child bearing, refer to the Paid Parental Leave Policy.

REINSTATEMENT OF SICK LEAVE

- (a) Reduction in force: Employees separated because of a reduction in force shall be credited with accrued sick leave if reinstated within one year and may receive such credit up to five years following separation.
- (b) Authorized leave without pay: Employees granted leave without pay shall be credited with previously accrued sick leave if reinstated before the expiration of such leave.
- (c) If an employee is separated for other reasons and is re-employed within five years from the date of the last workday, the employing agency may consider reinstatement of sick leave credits accumulated at the time of separation.

SICK LEAVE (CONTINUED)

- (d) If an employee separates from a local government position subject to the State Personnel Act or from a public school, community college, or technical institute and returns to State employment (or vice versa) within five years from the last workday, the employing agency may consider reinstatement of sick leave credits accumulated at the time of separation.

RETIREMENT CREDIT

One month of credit is allowed for each twenty days, or any portion thereof, of sick leave to an employee's credit upon retirement. One more month is allowed for any part of twenty days left over. Sick leave is used to increase creditable service but sick leave cannot be used to meet the minimum qualifications for a deferred benefit or the Survivor's Alternate Benefit. Sick leave may be used to complete 30 years of service, regardless of age; 25 years of service after age 60; and 20 years of service after age 50.

SICK LEAVE WITHOUT PAY

Sick leave without pay may be granted by the appointing authority (President or immediate supervisor or Board Chair for President) for the remaining period of disability after sick leave has been exhausted. The employee may also exhaust annual leave before going on leave without pay, or may retain part or all of accumulated annual leave until return to State service. In the event the employee needs more than one year of sick leave without pay, an extension must be requested.

LEAVE RECORDS

It is the responsibility of the College to maintain annual records for sick leave earned and taken for each employee. It shall be optional with the College as to when and how often the crediting and balancing of an employee's leave record is to be done. However, it must be done at least once by the end of each calendar year. Agencies should assume responsibility for notifying employees of leave balances at least once each year.

Agencies must retain sick leave records for all separated employees for a period of at least five years from the date of separation.

TRANSFER OF LEAVE

ANNUAL LEAVE TRANSFERABLE

Unused annual leave shall be transferred when an employee transfers between agencies of the State of North Carolina. Annual leave may also be transferred to a local mental health, public health, social services, or civil defense agency if the agency is willing to accept the leave; otherwise, the employee leaving State service will be paid in a lump sum for accumulated leave. When a local employee transfers from one of the agencies listed above to an agency of the State of North Carolina, annual leave (not to exceed 240 hours) or any portion of unused leave may be transferred to the State agency. If a person requests and is paid for unused annual leave at the time of transfer to or from a local agency, this will not preclude consideration from transferring sick leave.

SICK LEAVE TRANSFERABLE

Unused sick leave shall be transferred when an employee transfers between agencies of the State of North Carolina.

LONGEVITY PAY PLAN

- A. Employees of institutions in the community college system assigned to permanent full-time or permanent part-time positions shall receive longevity pay if the employees meet the requirements of total qualifying service set forth in this Rule.
- B. Total service for the longevity pay plan is based on a month-for-month computation of permanent full-time and permanent part-time (20 hours or more, but less than full-time) employment with:
 1. An institution in the community college system or a school administrative unit regardless of the source of salary and including state, local or other paid employment.
 - a. Employment for a school year is equivalent to one full calendar year (credit for a partial year is given on a month-for-month basis).
 - b. In no event will an employee earn more than a year of total service credit in a 12-month period.
 - c. If an employee is in pay status (working, exhausting vacation or sick leave, or when on workers' compensation leave or is on authorized military leave) for one-half or more of the regularly scheduled workdays in a month, credit shall be given for the entire month.
 2. Departments, agencies, and institutions of the State of North Carolina, (e.g., Department of Administration, Department of Revenue, University of North Carolina, Department of Community Colleges, Department of Public Instruction).
 3. Other governmental units which are now agencies of the State of North Carolina (e.g., county highway maintenance forces, War Manpower Commission, judicial system).
 4. County NC Cooperative Extension Office.
 5. Local mental health, public health, social services or civil preparedness agencies in North Carolina, if such employment is subject to the Office of State Human Resources Act.
 6. Authorized military leave.
 - a. Credit for military leave is granted only for persons who were employees of the State of North Carolina or other agencies listed in Paragraph (b) of this Rule who were granted leave without pay:
 1. for a period of involuntary service plus 90 days or for a period of voluntary enlistment for up to four years, plus 90 days, so long as they returned to employment in a covered agency within the 90 days; or

LONGEVITY PAY PLAN (CONTINUED)

2. for a period of active duty for service, alerts, or required annual training while in the National Guard or in a military reserve program.
 - b. Employees who enlist for more than four years or who re-enlist shall not be eligible for military leave.
 - c. Employees hospitalized for a service-connected disability or injury shall be granted additional leave without pay for the period of hospitalization plus 90 days or for 12 months, whichever is shorter. The hospitalization must commence before reinstatement into qualifying service for the provisions of this part to apply.
- C. Total service for the longevity pay plan does not include:
1. Temporary service, that is, service by an employee who works in a temporary position, or who is working temporarily in the absence of a permanent employee on leave of absence, except that temporary service of employees of the General Assembly will be counted and the full legislative terms of the members. Service of legislative interns and pages will not be counted.
 2. Periods of out-of-state employment with other states, schools, colleges or universities.
 3. Periods of employment with agencies of the federal government.
 4. Periods of military service other than those categories described in Subparagraph (b) (6) of this Rule.
 5. Periods of employment for employers other than the State of North Carolina even though credit in the North Carolina retirement system has been purchased for such employment.
 6. For local clarification, periods of employment for which the associated retirement contributions have been withdrawn.
- D. An employee assigned to a permanent full-time or permanent part-time position is eligible for longevity pay only after the date the employee has completed ten years of total service with a community college, a school administrative unit or an agency.
- E. Annual longevity pay amounts are based on the length of total service to agencies, community colleges, and school administrative units as designated in Paragraph (b) of this Rule and a percentage of the employee's annual rate of pay on the date of eligibility.
1. Longevity pay amounts are computed by multiplying the employee's annual base or contract salary rate as of the eligibility date by the appropriate percentage, rounded to the nearest dollar, in accordance with the following table:

Full-Time Faculty and Staff Handbook

Section II

Page 77

LONGEVITY PAY PLAN (CONTINUED)

Years of Total State Service	Longevity Pay Rate
10 but less than 15 years	1.50%
15 but less than 20 years	2.25%
20 but less than 25 years	3.25%
25 or more years	4.50%

2. Longevity pay is not considered a part of annual base or contract pay nor is it to be represented in personnel and payroll records as a part of annual base or contract salary. (Salary increases effective on the same date as the longevity eligibility date shall be incorporated in the base pay before computing longevity).
- F. The payment of longevity pay to eligible employees is automatic. Payment shall be made in a lump sum, subject to all statutory deductions, during the monthly pay period in which the employee has satisfied all eligibility requirements.
 1. Eligible employees on worker's compensation leave shall receive longevity payment in the same manner as if they were working.
 2. If an employee retires, resigns, dies, or is otherwise separated on or after the date of becoming eligible for a longevity payment, the full payment shall be made to the employee or to the estate of the employee in case of death.
 3. If, on the effective date of this policy, an employee has completed the qualifying length of service but is between eligibility dates, longevity payment will be made on the next longevity anniversary date.
 4. If the employee has worked part but not all of one year since qualifying for longevity payment, the employee shall receive a pro-rata payment in the event of:
 - a. separation from the institution;
 - b. change in employment status to temporary part-time, or to a position not covered in this policy.
 5. If an employee separates from a community college and receives a partial longevity payment and is employed by another community college, school administrative unit, or state agency, the balance of the longevity payment shall be made upon completion of additional service totaling 12 months for an employee having a 12-month period of employment, or upon completion of a lesser term for an eligible employee on less than a 12-month period of employment. The balance due is computed on the annual or contract salary being paid at the completion of the requirement.
 6. If an eligible employee at the time of separation has a fraction of a year toward the next higher percentage rate, payment shall be based on the higher rate; however, the basic eligibility for longevity requirement must have been satisfied before this provision can apply.

LONGEVITY PAY PLAN (CONTINUED)

7. Leave without pay in excess of one-half the work days in a month (with the exception of authorized military leave and worker's compensation leave) will delay the longevity anniversary date on a month-for-month basis.
- G. Longevity pay shall be made from the same source of funds and in the same pro-rata amounts from which the employee's regular annual salary is paid (e.g. state, federal, local funds).
- H. The president of each community college shall:
 1. Determine the quantity of qualifying service and the longevity anniversary date for each eligible employee.
 2. Furnish to the State Board, in format prescribed by the System Office, data necessary for a determination of the cost of the longevity pay plan from state funds.
- I. The President of the Community College System shall determine the total cost of the longevity pay plan from data submitted by each community college. If funds are not adequate to pay longevity rates established under this Rule, the President of the Community College System shall submit a budget revision to the State Budget Officer requesting additional funds from other available sources within State Aid.

UNEMPLOYMENT COMPENSATION

Federal legislation passed as Public Law 94-566, known as the Unemployment Compensation Amendment of 1976, extends unemployment compensation to all State employees. Unemployment compensation will be charged for each employee who separates from a job and who is qualified to receive unemployment benefits.

The State has elected the Direct Reimbursement Method. The law allows the State to pay the cost of unemployment compensation by reimbursing the Division of Employment Security (formerly known as the Employment Security Commission) for benefits paid to separated employees for which an agency is liable. This procedure requires only one annual payment. State departments must assure that funds are available to reimburse the Division of Employment Security. These funds are from the same source as those that originally paid the employee's wages. Therefore, it is essential that funds be reserved during the time of employment for employees whose salaries are supported from sources which are not of a continuing nature. For positions paid from non-continuing sources, funds should be reserved for potential reimbursement payments.

Any employee who separates from employment and is qualified to receive unemployment benefits must be registered with the nearest Division of Employment Security. It is the employee's responsibility to apply for benefits. There are specific guidelines the employee must meet in order to qualify for benefits. (Contact the Division of Employment Security for details.)

WORKERS' COMPENSATION AND LEAVE

1. **Purpose:** The purpose of this policy is to insure that employees injured on the job are provided compensation in accordance with the Workers' Compensation Act and to provide consistent application of these rules and regulations. Further, the purpose is not only to provide swift and certain remedy to an injured employee but also to insure a limited and determined liability for the employer.
2. **Responsibility of Employer and Employee:** The agency is required by law to report the injury to the North Carolina Industrial Commission using the I.C. form 19 within five (5) days from knowledge thereof.

Responsibility for claiming compensation is on the injured employee. The employee must file a claim within two years from the date of injury or the knowledge thereof. The employee files the claim through the institution and the workers' compensation administrator. Otherwise, the claim is barred by law.

In accordance with N.C.G.S. 97-22, written notice of an accident must be given to the employer by the employee or his/her representative as soon as practicable. No compensation shall be payable unless such written notice is given within thirty (30) days after occurrence of the accident or death, unless reasonable excuse is made to the satisfaction of the Industrial Commission for not giving such notice and the Commission is satisfied that the employer has not been prejudiced thereby.

3. **Use of Leave:** When an employee is injured on the job as a result of a compensable accident and loses time from work due to the injury, the employee shall not be charged leave for time lost from work on the day of the injury. Employees are expected to return to work unless the treating physician indicates the employee must go home for the day. (A written statement shall be obtained from the treating physician if the employee cannot return to work.)

In situations where the employee cannot return to work, the employee shall be paid full salary for normal working hours on the day of the injury.

4. **Continuation of Benefits:** Annual Increase: Upon reinstatement, an employee's salary will be computed based on the last salary plus any legislative increase to which entitled. Any annual increase which would have been given had the employee been at work may also be included in the reinstatement salary, or it may be given on any payment date following reinstatement.
 - a. **Annual and Sick Leave:** While on workers' compensation leave, the employee will continue to accumulate vacation and sick leave to be credited to his/her account for use upon return to work. If the employee does not return, vacation and sick leave accumulated during the first twelve months of leave will be paid in a lump sum along with other unused leave.

Full-Time Faculty and Staff Handbook

Section II

Page 82

WORKERS' COMPENSATION AND LEAVE (CONTINUED)

Since the employee is on workers' compensation leave and is not able to schedule vacation time, the accumulation may in some cases exceed 240 hours and shall be handled as follows:

- (1) The 240-hour maximum to be carried forward to the next calendar year may be exceeded by the amount of vacation leave accumulated during workers' compensation leave. The excess may be used after returning to work or carried on the leave account until the end of the calendar year following a full year after the employee's return to work.
 - (2) If the employee separates during the period that excess vacation is allowed, the excess leave to be paid in a lump sum may not exceed the amount accumulated during the first twelve months of workers' compensation leave.
 - b. **Hospitalization Insurance:** While on workers' compensation leave, an employee is in pay status and will continue coverage under their health insurance program. Monthly premiums of the employee will be paid by the institution. Premiums for any dependent coverage must be paid directly by the employee.
 - c. **Retirement Service Credits:** While on workers' compensation leave, an employee does not receive retirement credit. As a member of the Retirement System, the employee may purchase credits for the period of time on an approved leave of absence. Upon request by the employee, the Retirement System will provide a statement of the cost and a date by which purchase must be made. If purchase is not made by that date, the cost will have to be recomputed.
5. **Return to Work:** When an employee who has been injured on the job and placed on workers' compensation leave has been released to return to work by the treating physician, there are three possible return to work situations (outlined a-c below).
- a. When an employee has reached maximum medical improvement and has been released to return to work by the treating physician, the institution shall return the employee to the original position he/she held prior to workers' compensation leave.
 - b. When an employee has not reached maximum improvement and is ready to return to limited work duty with approval of the treating physician but retains some disability which prevents successful performance in the original position, the institution shall provide work reassignment suitable to employee's capacity. The position must be both meaningful and productive, and advantageous to the employee and the institution. This work reassignment shall be a temporary assignment and shall not exceed ninety (90) days without approval from the institution's Office of Personnel Services and Workplace Safety. When the employee reaches maximum medical improvement, the institution shall return the employee to the original position held prior to worker's compensation leave.
 - c. When an employee has reached maximum medical improvement and has been released to return to work by the treating physician but has received a disability which prohibits employment in his/her previous position, the institution shall attempt to place the employee in another position suitable

(CONTINUED)

to the employee's capacity. The position must be both meaningful and productive, and advantageous to the employee and the employer. This work placement may be a permanent assignment or either a part-time or temporary assignment until a permanent assignment is found.

- d. If a position is not available for work placement, the institution shall appoint the employee to the first suitable vacancy that occurs.
 - e. Work placement efforts will continue for a period not to exceed 12 months except with the approval of the institution's Office of Personnel Services and Workplace Safety. Any time an employee has reached maximum medical improvement and is taken off workers' compensation leave, but a position is not available, the employee shall be placed in leave without pay status. While in leave without pay status, the employee may make arrangements to continue coverage under their health insurance plan. The employee is responsible for paying the total premium cost.
 - f. **Refusal of Suitable Employment:** The Workers' Compensation Act prevents employers from firing or demoting employees in retaliation for pursuing remedies under the Act but does not speak to reemployment after an employee has been released by the treating physician to return to work. If an employee refuses suitable employment in keeping with his/her capacity, the employer has the right to implement dismissal procedures.
6. **Failure to Cooperate:** When it has been determined that the employee has not fully cooperated with the intent and spirit of the workers' compensation policy, management may terminate the employee. Worker's compensation benefits may be continued or discontinued in accordance with the provisions of the Workers' Compensation Act.
7. **Seven-day waiting period; exceptions:** No compensation, as defined in N.C.G.S. 97-2(11), shall be allowed for the first seven (7) calendar days of disability resulting from an injury, except the benefits provided for in N.C.G.S. 97-25. Provided, however, that in the case the injury results in disability of more than (21) days, the compensation shall be allowed from the date of the disability. Nothing in this section shall prevent an employer from allowing an employee to use paid sick leave, vacation or annual leave, or disability benefits provided directly by the employer during the first seven (7) calendar days of disability.

If either or both of these avenues are inappropriate due to the circumstances of the situation, then the employee may communicate the complaint (either orally or in writing) to the Chairman of the Coastal Carolina Community College Board of Trustees or the North Carolina Office of the State Auditor.

RETALIATION

The college adheres to Equal Employment Opportunity Commission guidelines and will not harass, take adverse employment action, or retaliate in any manner against any employee reporting in good faith a concern about unlawful or inappropriate actions or misconduct. The President will impose disciplinary measures up to and including termination against any employee who harasses or retaliates in any manner against an employee who follows this procedure for making a good faith report of concerns.

INVESTIGATION

The college will investigate these reports promptly and as discreetly as possible. At the discretion of the President and/or other college administrators, such investigations may be carried out internally or externally. While the college cannot ensure complete confidentiality in conducting a thorough investigation, the college will take reasonable measures to maintain the anonymity of the person making the complaint or report.

Findings of unlawful or inappropriate actions or misconduct will be reported immediately to the President (or to the Board of Trustees if the concern is related to the President) for taking immediate corrective action and reporting to the Board of Trustees. Should an investigation provide reasonable evidence that the allegation was unfounded and made for malicious purposes, the employee making the false allegation may be subject to disciplinary action up to and including termination.

PERIODIC REVIEW OF COLLEGE MISSION

The importance of the Mission of the institution is reflected in the *Principles of Accreditation: Foundations for Quality Enhancement* of the Southern Association of Colleges and Schools Commission on Colleges in Section 2:

2.1 The institution has a clearly defined, comprehensive, and published mission specific to the institution and appropriate for higher education. The mission addresses teaching and learning and, where applicable, research and public service. (*Institutional mission*) [CR]

In addition, the *Principles of Accreditation* requires a periodic review of the Mission by the Board of Trustees, as stated in Section 4:

4.2 a The governing board ensures the regular review of the institution's mission. (*Mission review*)

This review and reaffirmation by the Board ensures the Board maintains a cognizance of the scope of institutional activities and ensures institutional policies, procedures, and activities remain compatible with and included in the Mission.

The Mission is reviewed by the Planning Council, faculty, and staff, and proposed to the Board of Trustees approximately every three years for further discussion, final review, and approval in the January, March, or April Board of Trustees meeting, depending upon the agenda.

Planned schedule for review by year as follows: 2022, 2025, and 2028.

SELF-SUPPORTING POLICY

State Board policy 1E SBCCC 600.2 permits the offering of self-supporting classes and specifies that the College is authorized to charge fees to students who enroll in self-supporting courses according to policies adopted by the Board of Trustees. Such policies shall include:

1. The method used to determine self-supporting fee rates; and
2. Permissible uses of excess funds generated from self-supporting activities.

The intent of the policy as applied by the State Board is to keep student charges as low as possible.

Given the uncertain nature of estimating the number of participating students and other related aspects, acquiring excess receipts for a given class is not inconsistent with State Board policies; however, accumulating a significant fund balance and expending these dollars appropriately are the primary issues.

A key element in offering self-supporting classes is System uniformity in determining direct and indirect costs involved.

DIRECT COSTS

Direct costs are the costs required to provide an instructional course section. Examples of direct costs include, but are not limited to:

1. Instructor(s) salaries and salary-related benefits;
2. Travel to and from the instructional site;
3. Course curriculum development costs;
4. Instructional supplies;
5. Equipment;
6. Building rental;
7. Insurance;
8. Advertising, printing, postage, mailing costs;
9. Any other costs specifically related to the course section;
10. Refreshments and meals may be included as a direct cost if disclosed to potential students prior to the start of the course section,

INDIRECT COSTS

Indirect costs are the costs associated with activities and services that support instruction, but which cannot be exclusively assigned to a course section. Examples of indirect costs include, but are not limited to:

1. Student services;
2. Administrative costs;
3. Utilities;
4. Custodial services and security services, which cannot be exclusively assigned to a course section;

SELF SUPPORTING POLICY

(CONTINUED)

If self-supporting receipts (all categories; e.g., curriculum, community service, etc.) exceed expenditures for the fiscal year the following provisions apply:

1. If receipts exceed direct expenditures, the surplus revenue should be expended for student financial aid/scholarships and/or program improvement. Expenditures should be of direct benefit to students.
2. Funds in excess of the above direct and indirect expense should not be used for:
 - a. Supplemental compensation or benefits of any personnel.
 - b. Administrative support of the College other than noted above of direct benefit to students.
 - c. College entertainment expense. (Educational activities for non-College personnel or College personnel to enhance student success would not be entertainment. Functions in which the primary purpose is fundraising would be entertainment.)
 - d. Fundraising expenses.

USE OF EXCESS REVENUES

Excess receipts shall only be used for one or more of the following purposes: instruction, student support services, student financial aid (e.g. scholarships, grants, and loans), student refunds, student activities, curriculum development, program improvement, professional development, promotional giveaway items, instructional equipment, and capital improvements and the acquisition of real property.

COURSE FEES

Course fees will be established by the appropriate Vice President and/or his/her designee with consideration given to several factors. Course fees should be:

1. Inclusive of all direct costs of the course or program;
2. Based on the number of participants anticipated for enrollment;
3. Reflective of the length and scope of the offerings; and
4. Set at a level at or below the local market rate for the type of continuing education instruction provided.

REFUND POLICY

A student who officially withdraws, in writing, from a self-support class prior to the first class meeting shall be eligible for a 100% refund. A student is also eligible for a 100% refund if an applicable class is cancelled by the College.

This policy will be in effect for a period not to exceed three years.

LOCAL STUDENT FEES

Colleges are authorized to charge local fees that are established by the local Board of Trustees under the provisions of 1E SBCCC 700.1. Local fees include the following:

1. Required Specific Fees - These are fees charged to students for items required for individual courses that are considered to be in addition to normal supplies and materials the college provides for students, such as tools, uniforms, insurance, and certification fees.
2. Student Activity Fee - This is a fee charged to students to support student activities. The student activity fee shall not exceed the maximum established by the State Board.
3. Instructional Technology Fee - This is a fee charged to students to support the procurement, operations, and repair of computers and other instructional technology, including supplies and materials that accompany use of the technology. This fee shall not exceed the maximum established by the State Board.
4. Parking Fee - This is a fee charged to a student for use of the College's parking facilities.
5. Other Fees - These are fees charged to support costs of goods or services provided by the College that are not required for enrollment. Examples include, but are not limited to, graduation fees, transcript fees, optional assessment fees, library/equipment replacement fees, and fees to participate in a specific event or activity.

The Board of Trustees delegates to the President the authority to modify the Board-approved fee schedule as appropriate.

ACADEMIC FREEDOM

The faculty member is entitled to freedom in the classroom in discussing the subject matter within the constraints of the approved syllabus but should not introduce into his/her teaching any controversial matters that have no relation to that subject matter. When controversial matters are related to the subject matter and are introduced by the instructor, then the instructor should make every effort to clarify the relationship so that students understand why a given topic is included in the course.

Each member of the faculty or staff, in writing or speaking, has the same rights and duties as any other citizen. However, Coastal Carolina Community College believes that each of its members, in exercising the rights of free speech, should realize that in the minds of many citizens, the College employee represents the College and that, in consequence, the reputation of the College depends, in part, on each of its employees.

Each employee, therefore, should at all times be accurate, exercise appropriate restraint, and show respect for the opinions of others and for the established policy of the College. The employee should also properly identify himself/herself to outside audiences as associated with the College and should clearly indicate that he/she is not an institutional spokesperson unless specifically commissioned to serve in such a capacity.

ADVISORY COMMITTEES

Advisory committees serve a valuable function at the College. Curriculum programs that provide opportunities for the students to be employed in the local community may have a local advisory committee. The committee provides a liaison between the College and the business, industrial, and professional community. The committees serve the College by advising and assisting the College personnel in the following:

1. Determining employment needs and identifying placement opportunities;
2. Recruiting students and faculty;
3. Recommending revisions in curricula and determining the need for new training programs for specific occupations;
4. Identifying appropriate equipment for training needs and desirable clinical facilities to meet the training needs;
5. Evaluating the effectiveness of the training programs in the community as the graduates are employed; and
6. Publicizing the training programs.

The advisory committees, in fulfilling their purpose, will be guided by the following policy:

1. Advisory committee appointments are subject to Board approval.
2. Advisory committees are composed of members with varying backgrounds and business interests in the discipline-specific areas.
3. Advisory committees which fail to fulfill their functions will be discontinued at the discretion of the College officials, and committee members who do not attend meetings may be terminated at the discretion of the College officials.
4. Additional advisory committees will be formed as the need arises.
5. All advisory committee activities are coordinated through the Vice President for Instruction and Student Services or his/her designee.
6. Advisory committees must meet at least one time each academic year. Additional meetings may be scheduled at the discretion of the committee. Official minutes are on file in the Office of Instruction and respective divisions.

CONTINUING EDUCATION UNIT TO CURRICULUM CREDIT EQUIVALENCY PROCEDURE

The College implements this procedure in order to address the awarding of Curriculum Credit for Continuing Education Units (CEUs). The State Board of Community Colleges voted on March 19, 2021 to adopt 1D SBCCC Subchapter 800 Credit for Prior Learning (CPL). This subchapter codifies common practices for awarding credit for college-level learning obtained through prior learning experiences.

This procedure adheres to all guidelines contained within 1D SBCCC Subchapter 800 Credit for Prior Learning and outlines the procedures that will be used to award curriculum credit for approved Continuing Education Units. A Continuing Education course is defined consistent with 1D SBCCC Subchapter 300.1(b).

Consistent with 1D SBCCC Subchapter 800 Credit for Prior Learning, the College is authorized to award credit for prior learning adhering to the following guidelines.

1. Colleges may award curriculum CPL when the documentation of prior learning meets or exceeds a demonstration of learning outcomes at the institutions' standards for awarding credit for the corresponding curriculum course. Institutions may award CPL that exceeds the minimum standards established in this Subchapter.
2. Colleges may only award curriculum CPL that is directly applicable to a student's declared curriculum program of study.
3. CPL for advanced courses does not negate the requirement to meet requisite learning outcomes.
4. CPL may be used to fulfill program requirements except for mandatory institutional requirements. Examples may include, but are not limited to, requirements of external agencies that specifically prohibited the use of CPL to fulfill the program requirements.
5. CPL cannot be used to satisfy the college's institutional credit requirements, which prescribes the minimum percentage of credit hours a student must earn through instruction offered by the institution awarding the credential. No greater than seventy-five percent (75%) of the credit hours required for graduation from a curriculum program of study may be earned through CPL.
6. Any CPL awarded by a college shall be reflected in the student's records by the college's Registrar's Office without quality points assigned, except for allowances for graded military credit as described in 1D SBCCC 800.6.

To be eligible to receive CPL, students must meet all of the following criteria:

1. Meet all admission requirements for their program of study;
2. Be enrolled in a curriculum program to which the credit will directly apply; and
3. Provide a written request for a prior learning assessment consistent with the college's CPL procedures and provide all documentation by published deadlines.

CONTINUING EDUCATION UNIT TO CURRICULUM CREDIT EQUIVALENCY PROCEDURE

(CONTINUED)

The College may award curriculum credit for state or industry-recognized credentials obtained through Continuing Education following the guidelines detailed in 1D SBCCC 800.4 State or Industry Recognized Credentials.

Procedure

Continuing Education Units (CEUs) may be approved for curriculum credit through the Credit for Prior Learning Committee, with the following positions in membership to evaluate the request:

1. Vice President for Instruction and Student Services
2. Vice President for Instructional Support
3. Director for Institutional Effectiveness and Student Success
4. Appropriate Curriculum Division Chair
5. Appropriate Curriculum Department Head
6. Division Chair for Continuing Education
7. Director for Data Management Services/Registrar

The proposed Continuing Education credit for review will be submitted to the Committee and must include the following documentation:

1. The Continuing Education course meets or exceeds the learning outcomes for the corresponding curriculum course.
2. The Continuing Education course is directly applicable to the student's declared program of study.
3. The Continuing Education CPL may not exceed seventy-five percent (75%) of the credit hours required for graduation from the curriculum program of study.
4. The Continuing Education course meets and/or exceeds the credit hours required for course completion.
5. The student must have received a passing grade of S (or 73% or higher). If the course is older than five years, the Committee will determine the relevancy.

The student must submit the written request for prior learning assessment, proof of admission to the program of study, and any required transcripts or licensure documentation.

The Credit for Prior Learning Committee will review the request with documentation to approve or disallow the CEU course for curriculum credit.

The curriculum credit, once approved for a particular Continuing Education course by the CPL Committee, is considered an approved course in the future as long as the student meets all admission

CREDIT HOUR DEFINITION AND POLICY

In defining a credit hour, Coastal Carolina Community College adheres to State Board of Community Colleges Code 1D SBCCC 400.1(c), on scheduled instructional time or equivalent per credit hour, as well as the Federal definition and Carnegie unit recommendations as follows.

1. Not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or
2. At least an equivalent amount of work as required outlined in item 1 above for other academic activities as established by the institution including laboratory work, internships, practice, studio work, and other academic work leading to the award of credit hours.

NOTE: The State Board of Community Colleges Code requires 16 hours of instruction for one semester hour of credit. The State Board of Community Colleges defines the minimum amount of time required for each scheduled class hour in 1G SBCCC 200.93 (b) (3) as follows:

Definition of a Student Membership Hour: A student membership hour is one hour of scheduled class or laboratory for which the student is enrolled. A college shall provide a minimum of 50 minutes of instruction for each scheduled class hour. A college shall provide sufficient time between classes to accommodate students changing classes. A college shall not report more hours per student than the number of class hours scheduled in the approved curriculum program of study compliance document.

CURRICULUM ESTABLISHMENT, REVIEW, AND EVALUATION

Courses offered at Coastal Carolina Community College are established statewide by instructional faculty. The faculty are nominated to serve by each college and selected by the North Carolina Community College System Office. The faculty produce the courses that make up the statewide Combined Course Library.

The faculty and administration jointly choose the programs offered for academic credit. The Division Chair and the Vice President for Instruction and Student Services submit the required Curriculum Program Application to the local and State Boards for appropriate approval. If approved, the Division Chair and faculty choose the courses that constitute the Program of Study. The Program of Study must be approved by the System Office and the Southern Association of Colleges and Schools Commission on Colleges. Once approved, the program is entered into the *College Catalog*.

Any program modification is initiated by the faculty, Department Head or Division Chair and approved by the Chief Academic Officer. Any modifications not previously approved at the state level must be submitted to the State Board.

On an annual basis, all curriculum programs are evaluated. The primary document for this review is the Desktop Audit. Each year the Department Head and Division Chair meet with instructional faculty to review course offerings and evaluate the state of the program. From these meetings, a plan of action is finalized with the Vice President for Instruction and Student Services, Vice President for Instructional Support, and Director for Institutional Effectiveness and Student Success.

EARLY EXAMINATION REQUESTS (CURRICULUM)

At times, requests are received from students desiring to take final examinations prior to the completion of the semester. The requests are usually generated because the students have a need to depart the area prior to the end of the semester. The following policy has been established to provide uniformity in approach.

All requests from students wishing to take course examinations prior to delivery of the entire course content must be approved by the Vice President for Instruction. All such requests should be made by completing an Early Exam Form and submitting it to the Office of Instruction. The Vice President for Instruction will then, after consultation with the appropriate faculty member, decide upon the feasibility of administering the final examination early.

Instructors may, on a case-by-case basis, administer final examinations to students without vice presidential approval if the entire content of the course has been delivered. This is not intended to move entire class exams, but may be appropriate for an individual student.

It should be noted that for the purpose of attendance reporting, a student's membership hours will be terminated on the date the final examination is given; however, a student would be counted in the number of students enrolled at the end of the course. All early examination dates must be noted on the attendance record.

FACULTY QUALIFICATIONS

GRADING SYSTEM (CONTINUED)

R-RE-ENROLL This grade may be given in developmental courses when progress has been made but required objectives have not been met (below 80% mastery). A student who has earned an "R" will not be allowed to enroll in subsequent courses until he/she re-enrolls and earns a "P" in the specific course. Financial aid recipients who receive an "R" grade for a specific course may be eligible to have federal Pell funds reappropriated for the repeat for a specific course.

Other services include printing, photocopying, scanning, faxing, reference assistance, and information literacy instruction.

COLLECTION DEVELOPMENT

Librarians have responsibility for selecting materials for the collection. Each librarian is assigned specific subject areas of the curriculum on which to focus their selection. Faculty members are active participants in the selection of material and collection development by collaborating with the LRC librarians and recommending materials that support their discipline.

Priority is given to titles directly related to current academic and vocational programs, and course assignments. Books and other materials are selected based on reviews in professional journals and other authoritative sources. The LRC staff will utilize all resources that help to select and verify high-quality items, including their own personal judgment based upon education, experience, and knowledge of a subject. Additionally, the LRC will select materials that address existing gaps in the collection and/or have demonstrated patron interest.

Additional criteria to be considered when selecting materials include the following:

- Contribution to the depth or breadth of a two-year, undergraduate academic collection
- Current strengths and weaknesses of present holdings in the subject area
- Faculty recommendations and requests

- Accreditation requirements
- Patron needs, including materials that support specific populations
- Timeliness, depth, or scope of coverage
- Authority, accuracy, and currency
- Uniqueness and significance of the material
- Cost-benefit analysis
- Professional status and reputation

In addition to materials that support the academic curriculum, the LRC maintains a collection of popular materials (including, but not limited to, current fiction, audiobooks, and graphic novels) to promote a well-rounded information experience for the Coastal community. The addition of materials to the LRC collection in no way represents an endorsement of any theory, idea, or policy contained therein.

Space limitations, physical wear, and new developments in the disciplines or popular thought necessitate that materials occasionally be removed (weeded) from the collection. LRC staff review the existing collection regularly. Content considerations for weeding include: age, relevance to the curriculum and user population, frequency of use, date of last use, availability of alternative materials, and accuracy of content. Classic or core titles may be held to less exacting standards than popular fiction and non-fiction titles.

DONATIONS

The LRC welcomes donations of hardcover books in good condition. Materials donated to the library become the property of the LRC. Gift materials are accepted by the LRC with the understanding that the librarians will evaluate and retain items in the best interest of the LRC's collection.

CIRCULATION

A valid Coastal Carolina Community College ID and library barcode are required to check out materials. Materials circulate for three weeks, unless otherwise stated. Items may be renewed twice if the material is not needed by another patron. There are no overdue fines for books. There is a \$1 a day fine for overdue DVDs. Patrons are responsible for the cost of lost or damaged items. Replacement costs are determined by the current price of the item. Any unpaid library charges are attached to student records. The account needs to be cleared before the student is able to register for classes, receive their diploma, or request a transcript.

RESERVE MATERIALS

Faculty may request that materials be placed on reserve for assigned reading. The reserved materials should be given to the LRC before assignments are given. Faculty are asked to please advise the LRC when assignments are completed, so the materials may be returned to the shelves. Reserve books, periodicals, and DVDs are shelved at the circulation desk and may be checked out for two hour intervals.

INTERLIBRARY LOAN AND HOLDS

The LRC is part of the consortium of Community College Libraries in North Carolina (CCLINC) which provides online access to the collections at each of the libraries. Interlibrary loan service is available to all Coastal Carolina Community College faculty, students, and staff through the CCLINC online catalog.

CONDUCT

To ensure an atmosphere conducive to learning, it is expected that patrons limit conversation and show consideration for fellow students, faculty, and staff. Cellular phones or any electronic devices that emit audible sound must be switched off or configured for silent operation in the LRC.

ORIENTATION AND INFORMATION LITERACY INSTRUCTION

The LRC librarians provide orientation and information literacy instruction. Faculty are asked to schedule classes in advance by submitting the information literacy online request form. These classes can be tailored to meet the needs of specific class assignments. Faculty may also bring their classes to the LRC for general research and must schedule this with a library staff member. Chromebooks are available for use in the library if all computers are being used.

STUDY ROOMS

Group and individual study rooms are available for students, faculty, or staff. Group study rooms are available for two-hour intervals and must be reserved ahead of time at the circulation desk. Individual study rooms are available on a first-come, first-served basis.

PRIVACY OF EDUCATIONAL RECORDS

Educational records include academic scores, transcripts, medical records, financial accounts, financial aid information and disciplinary records. Access to student educational records is regulated by the Family Educational Rights and Privacy Act of 1974. This act provides for the privacy of an individual's educational record and establishes the right of students to inspect and review their records.

Coastal Carolina Community College supports the rights and privacy afforded each student by the act and is in compliance with its provisions.

Within Coastal Carolina Community College, only those persons, individually or collectively, acting in the student's educational interest are allowed access to student educational records. Included are personnel in the Student Services Division, senior level administrators, the Accounting Office, the Office of Public Information/College Foundation, instructors, advisors, and other academic personnel within the limitations of their need to know.

At its discretion, the College may provide directory information in accordance with the provisions of the act to include the following: student's name, address, e-mail address, telephone numbers, major field of study, dates of attendance, full-time/part-time attendance, degrees, and awards received. The College will provide directory information listings to military recruitment offices (as designated by the Solomon Amendment), to other third parties for the sole purpose of educational benefits to the students, and for verification to employment agencies. No other persons shall have access to, nor will the College disclose, information from a student's record without the written consent of the student.

A student has the right to withhold disclosure of directory information by completing a Request for Nondisclosure in the Registrar's Office. Requests for Nondisclosure must be filed annually. The College assumes that failure on the part of any student to file a Request for Nondisclosure indicates approval for disclosure.

Student records, including admissions papers, registrations, grades and other supporting data are maintained in the Registrar's Office. Any student wishing to challenge the content of his/her educational records should notify the Director for Data Management Services/Registrar in writing.

PROGRAM AND SERVICES REVIEW PROCESS

Coastal Carolina Community College has developed a systematic, annual process for the assessment of all educational programs and administrative and educational support services in compliance with all elements of the review policy as approved by the State Board of Community Colleges. Coastal will utilize the Desktop Audit which establishes standards and performance levels for the purpose of monitoring the quality and viability of all programs and services. The annual review process involves broad-based participation of Vice Presidents, Division Chairs, Department Heads, Directors, and Supervisors with the assistance of the Institutional Effectiveness Office. The annual review process enables the College to prioritize short-term decisions to meet changing needs.

A full copy of each year's Desktop Audit is available for review in the Institutional Effectiveness Office.

RECORDS AND REPORTS

CURRICULUM

The faculty are responsible for maintaining and submitting attendance and grade reports on all classes. These reports will be needed to complete state and federal reports. The curriculum faculty will keep the following records and reports:

1. Records of Grades and Attendance

The recording of grades and attendance includes the option for faculty to utilize a physical and/or electronic grade and attendance record. Official records are maintained by the instructor and must be up-to-date, including the following information:

- a. Class prefix, number, and title (e.g., ACA 111 College Student Success); semester and year (e.g., Fall 2016);
- b. Name of each student enrolled in each class;
- c. First day of each student's entrance into the class, designated with the letter "E";
- d. Date of other significant occurrences, including:
 - A - Absent
 - D - Disenrolled by instructor
 - N - No day (Class did not meet due to College closing)
 - R - Reinstated
 - T - Tardy/Left Early
 - W - Withdraw by student
- e. Instructor's name; and
- f. Grades

RECORDS AND REPORTS (CONTINUED)

Seated courses will utilize physical and/or electronic grade and attendance records. Online courses will utilize the approved distance learning management system to electronically record both grades and attendance. Online course attendance is established by the instructor, to equate to the attendance rules as mentioned in the Coastal Carolina Community College Catalog, and specific attendance guidelines are published in the syllabus for each online course. Courses with an online component (hybrid or partial online) will record grades and attendance using a physical and/or electronic record or the approved distance learning management system, whichever is deemed appropriate by the instructor. The aforementioned are official records kept by the instructor and must be accessible to the appropriate Division Chair.

Prior to the termination of the faculty members employment with the College, all official records must be submitted to the appropriate Division Chair, as requested. These records must be accessible throughout the duration of the grade appeals process. Attendance/grade rosters must be filed with the Registrar's Office at the end of the term.

2. Attendance/Grade Roster

A preliminary class roster will be given to each instructor by the first day of class. Within ten (10) working days after receipt of the preliminary roster, each instructor will receive a second roster which will reflect updated information. Within seven (7) to ten (10) working days after receipt of the second roster, each instructor will be sent an official attendance/grade roster. Note: An instructor of a 12 week course, 2nd session 8 week course, and/or a 4 week developmental mathematics course will receive a preliminary roster followed by the official attendance/grade roster within seven (7) to ten (10) working days. The official attendance/grade roster is to be carefully checked, signed, and returned to the Registrar's Office as designated. The following instructions and clarifications apply.

- a. Once a curriculum course begins, a student may not enroll or be placed on the official attendance/grade roster without the approval of the appropriate Division Chair.
- b. If there is a student on the official attendance/grade roster who never attended the class, the abbreviation "NA" should be marked under the Grade column.
- c. Instructors are provided a timeline for verification for official attendance/grade rosters. Once verified by the instructor, official attendance/grade rosters are submitted to the Registrar's Office in accordance with the published timeline.

Attendance is to be recorded on the attendance/grade roster and submitted to the Registrar's Office on the date requested. Attendance may be kept on the yellow copy of the official attendance/grade roster or electronically.

The second copy of the census report (yellow copy) is to be maintained for recording attendance throughout the entire semester as well as final grades. This copy is to be submitted to the Registrar's Office when grades are due.

RECORDS AND REPORTS (CONTINUED)

If attendance is recorded electronically, the electronic version must be printed out and attached to the yellow copy of the official attendance/grade roster.

In addition to maintaining and submitting attendance records for each term, the curriculum faculty in each division of the College are responsible for preparing the attendance/grade rosters and submitting them promptly to the Registrar's Office. The evening faculty will submit their attendance/grade rosters to the evening secretary or the Registrar's Office.

Attendance/grade rosters provide a precise count of students attending classes on the day designated as being the census date of the semester. These reports are used by the North Carolina Community College System in making funding decisions.

The College is subject to FTE and attendance compliance reviews by the State of North Carolina and audits by the Veterans Administration. Since State funds are based on FTE, the College may be penalized for any discrepancies in FTE reporting.

CORRECTING ERRORS IN CLASS REPORTS

According to guidance from State compliance staff, all changes to records and class documentation should be made in a manner which allows for review of the original information. Therefore, no white-out, correction tape, or blacking-out may be used. All changes or corrections must be completed as follows:

- Do not obliterate or otherwise alter the original entry by blacking out with marker/pen, using white-out, correction tape, writing over an entry, etc.
- Draw a single line through entry (thin pen line). Make sure that the inaccurate information is still legible.
- Initial and date entry.
- State reason for error (i.e. in the margin or above the note, if room)
- Document the correct information.
- If there is not enough room at original entry, enter the correct information on the next available line/space documenting the current date and time, and referring back to the incorrect entry.

CONTINUING EDUCATION

For classes that are not pre-pay, instructors are responsible to verify that the number of student registration forms equals the number of students on money sheets and on the attendance roster.

RECORDS AND REPORTS (CONTINUED)

First Class Meeting Paperwork:

For classes that are not pre-pay, it is essential that the instructor verify that all students sign the money sheet and complete a class registration form. The money sheet, class attendance roster, and class registration forms should reflect all students attending class.

- Minor applicant forms must be completed and approved on any minors (students age 16 or 17) before they may be allowed to enroll in any continuing education class.

Within 24 Hours of First Class Meeting (for classes that are not pre-pay)

- Money sheet(s) and fees collected must be turned into the Continuing Education Office within 24 hours of first class meeting. This also applies when companies are to be billed. Instructor should sign money sheet.

10% Date as Noted on Instructor Contract

- Class roster signed with social security number or College ID number (yellow copy). Please list student names alphabetically on this attendance sheet.
- Any additional money sheets from students who enroll after the first session also must be turned in within 24 hours of collection.

End of Course (Within 24 Hours of Last Class Meeting)

Turn in:

- Class roster (white copy). Grades need to be recorded in grade column.
- Student evaluation forms.
- All AV equipment returned. Please ensure you sign in all returned equipment. This equipment is very expensive, can be checked out to hundreds of instructors, and requires strict accountability.
- All materials/texts returned.

To ensure student records are completed properly and in a timely fashion, it is essential to turn in all final paperwork within 24 hours of the last class meeting.

For accuracy in reporting, any changes or corrections to class paperwork must follow the guidelines listed above (Correcting Errors on Class Reports).

STUDENT PRIVACY FOR DISTANCE LEARNING

Coastal adheres to all the requirements of the Family Educational Rights and Privacy Act (FERPA). We are committed to protecting the privacy of the student's educational record regardless of delivery method. The Director for Data Management Services/Registrar is the point-of-contact for FERPA related issues. Because an online environment creates a record of student activity, it is subject to FERPA policy rights, unlike verbal exchanges in a physical classroom.

PRIVACY FOR DISTANCE LEARNERS

Information Systems Support Services secures the privacy of student data by maintaining all official records on a secure virtual local area network with limited access, firewalls, and requirements for frequent password changes for access to that data. Furthermore, those requesting access to student records are granted that access upon application by his/her supervisor on a form which is reviewed and approved by the appropriate data manager and vice president. These permissions are reviewed and re-approved semi-annually. Also, all users annually sign a statement of understanding encompassing their individual responsibility in maintaining the confidentiality and the appropriate use of any data accessed.

IDENTITY VERIFICATION IN DISTANCE LEARNING COURSES

The identity verification process for online courses protects student privacy through the use of a secure portal, with a secure login and student-selected password.

FACULTY RESPONSIBILITY

Faculty and staff understand and carry out a commitment to confidentiality, integrity, and security to protect the privacy of students who participate in distance learning activities. Student records are kept private by the instructor, except in cases where academic staff or administrators access the course with legitimate educational interest under FERPA guidelines.

TESTS AND EXAMINATIONS

Tests and examinations are instruments for learning which help instructors evaluate students' performance. Instructors must make and interpret tests and examinations in light of the purposes for which they are given.

Each instructor, as a professional educator and an authority in his/her field, must determine the relative value of evaluation instruments used. Final examinations are an essential tool for evaluation and should be given in the majority of courses. A copy of the most recent final exam for each curriculum course must be on file in the division office and available for administrative review.

Alternatives to final exams may be made for courses where the primary objectives are to improve manual skills or where progress can be evaluated better by out-of-class projects or by other means.

WRITTEN STUDENT COMPLAINTS

When informal procedures do not resolve concerns, for privacy and/or security reasons, all written complaints must be submitted through traditional or electronic mail to the Office of the President, who will determine the appropriate College personnel to review the Complaint.

It is expected that students making written complaints will demonstrate they have attempted to resolve their concerns through informal procedures. The written complaint should include the name and contact information of the student filing the complaint, and a brief description of the complaint or concern.

The student should receive written acknowledgement of the complaint within ten (10) working days.

The complaint will be reviewed and a collaborative effort will be made to resolve the complaint. Within twenty (20) working days of receipt of the written acknowledgment of the complaint, the student will receive notification of the resolution of the complaint, or of the College's position concerning the complaint, from the appropriate Vice President.

NOTE: This policy refers to general written student complaints. Written student complaints that are received pursuant to Step 3 of the Grievance Policy will be referred to the Division Chair for Student Services.

ACCOMMODATION TO RELIGIOUS PRACTICES

Coastal Carolina Community College will make reasonable accommodations for the religious practices of an employee concerning holidays unless such accommodation would result in undue hardship in the conduct of Coastal's business. An employee wishing to observe religious holidays different from the holidays observed at Coastal may request a "holiday exchange" under which the employee performs work on a holiday observed by Coastal in exchange for a day off to accommodate the religious practices of the employee. Such requests will be approved if arrangements can be made for employees to work on the other holidays. If, however, no work can be made available on those days because of logistical reasons (offices closed, supervision not available, no security available, etc.), supervisors should arrange work schedules so that the employee may take annual leave when requested for such religious observances. Requests for annual leave should not be denied unless such leave would create an emergency condition which cannot be resolved in any manner. When the nature of employee's duties permits, other accommodations may be reached between the employee and the supervisory chain of command.

Because of the nature of instructional duties and the necessity for faculty to meet classes, and because faculty do not earn annual leave, the process for faculty will be somewhat different. Reasonable accommodation to the religious practices of our faculty will be made. Those accommodations should include provisions for classes to meet, and, when possible, personal leave will be taken or alternate duties may be assigned. Accommodations will be reached on an individual basis with the faculty member, the Division Chair or Director, and the appropriate Vice President.

Employees who wish to observe religious practices other than those recognized by Coastal's holidays should make their desires known to their supervisor as soon as possible.

COPYRIGHT AND FAIR USE GUIDELINES

Members of the College community are advised to become as knowledgeable as possible regarding copyright law and procedures. Coastal Carolina Community College directs its employees to obtain permission from copyright holders directly, or their licensing representative, when the reproduction or duplication exceeds fair use.

It is the policy of Coastal Carolina Community College to adhere to the doctrine of fair use as incorporated in the United States Copyright law of 1976, Section 107 as amended (Title 17, U.S. Code). This section addresses the needs of scholars, teachers, and researchers, and applies to all media. To determine whether the use of a work is within fair use, the law defines four factors to consider:

1. the purpose and character of the use, including whether such use is of a commercial nature or is for non-profit, education purposes;
2. the nature of the copyrighted work;
3. the amount and substantiality of the portion used in relation to the copyrighted work as a whole;
4. the effect of the use upon the potential market for or value of the copyrighted work.

Faculty and staff have the ultimate responsibility to adhere to the law and to produce written documentation of permission granted if copying or duplicating exceeds fair use. Individuals who willfully disregard these procedures and guidelines do so at their own risk and may be subject to personal liability.

The College regards violation of these procedures as a serious matter. Any such violation is without the College's consent and is subject to disciplinary action, up to and including termination.

EQUIPMENT

The importance of maintaining and accounting for state-owned property is found in the following quotation from the state regulation governing the use of state-owned equipment:

Liability for all state-owned equipment will rest initially with the President of the College; secondly, on the appropriate administrative officer and the local Board of Trustees. The President shall be responsible for the replacement of any loss or damage due to negligence, misuse, unauthorized loan, rental or sale of all state-owned equipment. Equipment is to be used for instructional purposes only.

The President's responsibility for equipment is in turn vested in each instructor having equipment assigned for his/her use. It is necessary, therefore, to have a few simple rules to follow:

1. Each employee is to stress the importance of the care of equipment; stress the use of proper tools, both hand and power, to do a given job; make a visual check of equipment to see that it is in good working condition, both from an operational and safety aspect; and report any damage to equipment or loss of equipment to the appropriate Vice President. A security report must be filed in the event of loss of equipment.
2. No equipment is to be removed from the premises without written permission from the appropriate Vice President.
3. The Division Chairs, Directors, coordinators, and managers will assist the inventory clerk in the inventory check for their respective areas, as appropriate.

The above applies to all state-owned equipment including that purchased through surplus property and that purchased locally.

MOVING EQUIPMENT, FURNITURE, ETC.

No equipment, furniture, etc., should be moved, transferred, or removed from its location without the approval from the equipment coordinator and/or appropriate Vice President.

Each individual within the College should exert a maximum effort to ensure the security and safe-keeping of all items for which he/she is responsible/charged.

There will, however, be items lost or stolen even with our best efforts. In the event loss or theft is suspected, a reasonable search for the item should be completed to verify the loss or theft. As soon as the item cannot be located, it should be reported to the Security Office.

DISPOSAL OF SURPLUS (EXCESS) AND/OR OBSOLETE EQUIPMENT

The categories for disposal are:

1. Serviceable, but excess to the needs of the program.
2. Sale through State Surplus Property Agency.
3. Cannibalization: The College should initiate a Form 4-11 (Request to Dispose of Capital Assets) requesting the approval of the Chief Business Officer to cannibalize an equipment item. This should be done prior to cannibalization of the item.

A memo to include the following information:

1. Inventory number.
2. Description of equipment (manufacturer, model number, etc.).
3. Condition of equipment (good, fair or poor, whether operable or inoperable, in need of repair, etc.).
4. Reasons for disposition (categories above).
5. Minimum bid (if applicable).

Upon receipt of this information, the Director of Physical Plant Operations will initiate the appropriate action to have equipment removed from inventory.

EXTERNALLY-FUNDED GRANTS AND CONTRACTS

PURPOSE

Coastal Carolina Community College supports the efforts of its faculty and staff to participate in externally-funded grant and contract programs that reinforce and complement the educational mission of the College.

The purpose of this Policy on Externally-Funded Grants and Contracts is to describe the circumstances under which externally-funded grants and contracts will be accepted by the College and the approval process for obtaining and managing such grants and contracts.

GUIDELINES FOR ACCEPTANCE

- a. **Conditions of Participation.** Because the College is a teaching and learning institution and not a research institution, faculty and staff who participate in externally-funded grants, contracts, or other external professional activities normally do so as part of their assigned duties and responsibilities. In some instances, faculty and staff can be released from their assigned duties to participate in grant-funded activities with the prior approval of their supervisor and the appropriate Vice President.
- b. **Coordination with Other Responsibilities.** In all instances, balance must be maintained between external professional activities and the responsibility of a faculty or staff member to fulfill his/her employment obligations to the College. The needs of students must take precedence in regard to the scheduling of classes and the providing of services. Therefore, externally-funded grants, contracts, or other external professional activities must not diminish or detract from an employee's primary responsibilities or interfere with the employee's scheduled work periods, except to the extent that the President of the College may authorize the employee to be relieved or partially relieved of his/her regular duties to participate in a project for which a grant or contract has been awarded. In this event, a replacement or substitute for the employee may be retained by the College to perform the duties from which the employee has been relieved.
- c. **College Conditions of Acceptance and Participation in Grants/Contracts Affiliated with the College.**
 - The College may accept grants and contracts which are consistent with the College mission and Bylaws/policies of the College's Board of Trustees.
 - The College may accept grants and contracts which are consistent with the laws, regulations, and policies of the State of North Carolina and the federal government.
 - College personnel shall not benefit personally by way of commissions or any other benefit that may be related to any grants or contract.
 - The College only accepts grants and contracts which have specific periods of time, do not endanger institutional activities, and do not jeopardize its educational programs.

Full-Time Faculty and Staff Handbook

Section V

Page 19

EXTERNALLY-FUNDED GRANTS AND CONTRACTS (CONTINUED)

APPROVAL AND RENEWAL PROCESS

- a. **Initial Proposal.** A faculty or staff member who is designated to prepare a grant or contract application in connection with an externally-funded grant or contract must consult with his/her immediate supervisor and prepare a brief initial draft (prospectus) for submission to the supervisor of the unit to be involved with the grant or contract, the appropriate Vice President, and other divisional administration or College personnel concerned with the grant or contract.
- b. **Proposed Budget.** In preparing the grant or contract application, the employee must develop the budget proposed for an externally-funded grant or contract in cooperation with the College's Accounting Office, which will furnish figures on utility costs, supplies, and indirect cost rate as needed. In preparing the budget for an application, all costs should be reasonable and in accordance with the College's accounting system. The budget should conform to College fiscal policies, identify all needed resources, and verify that a proposed project can be administered in accordance with the project plan.
- c. **Review Process.** All proposed projects that require funding through an external grant or contract and that are developed and entered into by the College require review by the President, the Vice President of the unit involved in the grant or contract, and other divisional administrators or personnel concerned with the grant or contract. The purpose of this review is to help ensure that grant proposals and contracts will help further the mission of the College and the goals of the specific department or unit involved, and are in balance with the instructional and other operations of that department or unit.

Completed proposals must be submitted to the appropriate supervisor in whose unit a project will operate. A proposed project director's immediate supervisor and/or the supervisor of his/her division, and the Vice President of the unit involved must review and approve a proposal before it will be forwarded to the President for review. Upon review and approval of a proposal, the President or his designee will sign the application and any related forms and submit the proposal to the appropriate external funding source.

- d. **Grant or Contract Acceptance and Management.** The President, who has final responsibility for coordinating and controlling efforts to secure external funding for the College, is responsible for making the final decision to accept or refuse the terms and conditions of each externally-funded grant or contract that is proposed and awarded. No expenditures or obligations of external grant or contract funds may be made until written notification of the award has been received from the grantor and the award has been accepted by the President.

Once a grant or contract has been accepted, a project director will be designated. The project director may be the employee who prepared the grant or contract application or any other employee selected by the College.

EXTERNALLY-FUNDED GRANTS AND CONTRACTS (CONTINUED)

The College operating, personnel, and fiscal policies/procedures apply to all grant and contract activities (e.g., salary, travel and per diem allowances, etc.). For more specific information regarding a specific policy or procedure, refer to the appropriate policy in *The Full-Time Faculty and Staff Handbook*.

Fiscal responsibility for externally-funded grants and contracts rests with the College's Accounting Office. However, it is the responsibility of the designated project director to monitor and code all budget transactions to ensure that all program activities requiring expenditures of external grant or contract funds are in accordance with the external funding source's requirements and the terms of the applicable grant or contract. Reimbursement requests, progress reports, fiscal documents, and project evaluations will be delegated as appropriate.

- e. **Continued Funding.** The procedures to be followed for submitting proposals for managing continued funding are the same as the procedures established for submitting new proposals.
- f. Faculty/staff conditions of acceptance and participation in grants/contracts not affiliated with the College are covered in the Secondary Employment guidelines included in *The Full-Time Faculty and Staff Handbook*.

The employee should include a detailed description of the factual basis for the complaint and a statement of the actions requested. The President will review the complaint and render a decision within ten (10) working days. The President's decision is final.

INTELLECTUAL PROPERTY POLICY FOR THE VIRTUAL LEARNING COMMUNITY

(Approved by NCCCS State Board 11/17/00)

INTRODUCTION

The Virtual Learning Community (VLC) is the collaborative initiative of the State Board of Community Colleges and the participating community colleges to share resources and expertise for the purpose of expanding access to quality online courses and support services. Consequently, the purpose of this intellectual property policy is to define the rights and responsibilities of all employees and institutions within the North Carolina Community College System (NCCCS) in their use of or contribution to the courses and materials of the Virtual Learning Community. This policy does not address online courses or materials developed for individual college use.

DEFINITIONS

Community Course: Any course developed for or provided to the VLC that is housed in the central library of VLC courses and is available to all VLC members. Synonymous with "core course." Does not include modifications made by individuals at colleges after the course is downloaded to local file servers.

Core Course: Any course developed for or provided to the VLC that is housed in the central library of VLC courses and is available to all VLC members. Synonymous with "community course." Does not include modifications made by individuals at colleges after the course is downloaded to local file servers.

Core Material: Any material developed for or provided to the VLC that is housed in the central file server and is available to all VLC members. Does not include modifications made by individuals at colleges after materials are downloaded to local file servers.

Developer: Developers are community college employees who make a substantial intellectual contribution to the creation of core courses and/or materials for the VLC.

Direct and Significant Allocation of Institution Resources: Includes, but is not limited to, staff time, equipment, funds, release time from assigned duties, and computer usage. Also, a requested and approved allocation of resources not normally available to all members of an employee's unit.

Distance Learning Council: Committee appointed by the NCCCS President and made up of representatives from the community colleges that is charged with identifying and recommending policies for distance learning.

Fair Use Guidelines: Limitation on the exclusive rights of the copyright owners that allows others to use copyrighted materials in certain situations. Educators may use portions of copyrighted material if four conditions exist: use of material is educational in nature, work is published, copied material is an excerpt or portion of the whole and not a substantial part of the work, and use of the work will not hamper marketability.

INTELLECTUAL PROPERTY POLICY FOR THE VIRTUAL LEARNING COMMUNITY (CONTINUED)

Intellectual Property: All components of core courses and core materials developed for or provided to the Virtual Learning Community including course design, course content, data generated, developer training materials, and student support materials.

Ownership of Copyright: All developers and contributors to the VLC are required to sign a "work for hire" agreement granting to the State Board and participating colleges, collectively, ownership rights to the core courses and core materials.

Works Made for Hire: A form of intellectual property ownership under the Copyright Act. The two categories of works for hire are (1) works prepared by employees within the scope of their employment and (2) works that have been specifically ordered or commissioned for use as a contribution to a collective work. These include works created through a direct and significant allocation of institution resources to a specified project and work created under a sponsorship/contractual agreement. Under these terms, the work of VLC developers of core courses and core materials is work for hire.

Virtual Learning Community: An initiative of the State Board and participating colleges to share resources and expertise to develop a comprehensive online educational program with all resulting courses and materials available equally to participating community colleges.

Virtual Learning Community Steering Committee: A 12-member board of college presidents selected regionally by their peers and charged with overseeing development of the Virtual Learning Community.

SCOPE

All individuals and institutions that develop or use materials and/or data created by or generated for the Virtual Learning Community are subject to this policy.

OWNERSHIP OF INTELLECTUAL PROPERTY AND DATA

The State Board and participating community colleges, collectively, own all intellectual property that is made, discovered, or created for the VLC by an individual or group of individuals specifically hired or commissioned for that purpose.

Included as intellectual property for the purposes of this policy are:

- Course design
- Course content
- Data generated
- Course developer training materials
- Student support materials

INTELLECTUAL PROPERTY POLICY FOR THE VIRTUAL LEARNING COMMUNITY (CONTINUED)

Not included as intellectual property for the purposes of this policy are:

- Intellectual property incorporated into the course or materials neither owned nor licensed by developers.
- Intellectual property made, discovered, or created by enrolled students.
- Content not designed or maintained by the developers.
- Third-party plug-in readers used to access embedded or hyper linked files.
- Improvements, revisions, or customizations to VLC courses or materials made by individuals not specifically hired or commissioned for that purpose.
- Improvements, revisions, or customizations made to a downloaded copy of the core course or materials used within the instructor's home institution.
- Bibliographic resources.

To enhance VLC content, the State Board and participating institutions may pursue the acquisition of rights, either by transfer of full copyright ownership or by limited license, to intellectual property that was not contracted on a work-for-hire basis for that purpose. This includes modifications made to core courses that add value to VLC courses as determined by representatives of participating colleges.

RIGHTS OF USE AND RESPONSIBILITIES

Participating institutions of the NCCCS enjoy the exclusive right to use and modify the content of core courses and core materials created for the VLC to suit the specific needs of their students. Core courses and core materials will be available for use by other state institutions at no cost. This core material is not available for use outside of the NCCCS or by other state institutions without express permission of the State Board and a majority of participating colleges.

Modifications or customization of these core courses and materials are owned by the authors creating them or by their employing institutions, in accordance with local policies. Owners of these modifications reserve the right to assign, transfer, and convey their right, title, and interest in the modifications to a third party at their discretion provided that this action does not compromise the interests of the State Board and participating colleges in the VLC.

Authors creating these modifications are responsible for the accuracy of the content of these revisions. Further, they and instructors using the modifications are responsible for following any appropriate guidelines and policies established by their employing institutions, all provisions of this intellectual property policy, and any other pertinent guidelines and policies published by the NCCCS. In addition, they must adhere to all applicable administrative regulations and laws of the State of North Carolina and any national or international laws, treaties, and conventions enacted by or ratified by the United States of America.

POTENTIAL FUTURE COMMERCIALIZATION

Ownership and the use of this intellectual property may not be transferred, licensed, or sold without the approval of the State Board of Community Colleges and a majority of participating colleges.

If support for commercialization is evident, the VLC Steering Committee will coordinate the decision-making process via the North Carolina Association of Community College Presidents.

Should the decision be reached to proceed with commercialization, the Distance Learning Council in conjunction with the VLC Steering Committee will oversee the development of guidelines for commercialization, including the disbursement of monies generated to participating colleges. These guidelines will be approved by the Virtual Learning Community Steering Committee, the North Carolina Association of Community College Presidents, and the State Board.

All such guidelines and processes must adhere to applicable policies of the State Board and state and federal laws and regulations.

LIABILITY ISSUES

The core course or core material developer will ensure that the courses and materials created by the developer are original except for such materials from copyrighted sources that are reproduced with the written permission of the copyright holder; that the courses or materials will in no way constitute a violation of or an infringement upon any copyright belonging to any other party; that the courses or materials will contain no information previously published or copyrighted by the developer unless such information is noted in the course or material; and that the course or material will contain no matter which is libelous or in any way contrary to law.

DISPUTE RESOLUTION AND EMERGING ISSUES

The Distance Learning Council has authority to resolve disputes regarding this intellectual property policy or to respond to emerging issues. The Distance Learning Council may either act as a group of the whole in dealing with relevant issues or it may appoint an ad hoc committee, chaired by a member of the Distance Learning Council, with broad-based community college representation to address these issues. Final authority to resolve any and all matters resulting from this policy is vested in the State Board of Community Colleges.

PARTICIPATION AGREEMENT

Faculty participating in the VLC are required to sign a participation agreement through the System Office.

PURCHASING PROCEDURES

This policy is to provide both informative and instructional procedures (rules, regulations, and policies set forth by the State of North Carolina) to be followed in the acquisition of supplies, equipment, and services for this institution. The contents were taken from the North Carolina Procurement Manual; North Carolina Administrative Code, Title 1, Chapter 5; and the North Carolina Community College Purchasing and Equipment Procedures Manual.

SUPPLIES/EQUIPMENT DEFINED

According to the Community College System, a supply item is defined as any article or material that meets any one or more of the following conditions:

- It is consumed in use.
- It loses its original shape or appearance with use.
- It is expendable; that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to replace it with an entirely new unit rather than repair it (which is not true of equipment).
- It is an inexpensive item, having characteristics of equipment, whose small unit cost makes it inadvisable to capitalize the item.
- It loses its identity through incorporation into a different or more complex unit or substance.

EQUIPMENT

According to the Community College System, an equipment item is defined as follows:

- It retains its original shape and appearance with use.
- It is nonexpendable, that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair it rather than replace it with an entirely new unit.
- It represents an investment making it feasible and advisable to capitalize the item.
- It does not lose its identity through incorporation into a different or more complex unit or substance.

NON-CAPITALIZED ASSETS

Assets with an original cost below \$5,000.00 are expensed and are not capitalized or depreciated for financial reporting purposes.

Full-Time Faculty and Staff Handbook

Page 36

PURCHASING PROCEDURES (CONTINUED)

HIGH RISK ASSETS

According to the Community College System, a high risk asset includes the following:

- Data processing and networking equipment
- Servers, computers, laptops and portable projectors
- iPads, tablets, and guns

At the College's discretion, additional non-capitalized assets may be classified as high risk items.

MAJOR EQUIPMENT

This classification is for a piece of equipment with a cost of \$5,000.00 or more. Equipment in this category is assigned and tagged with a North Carolina Community College System locally assigned inventory number for annual auditing purposes.

It is important for these numbers to remain on the appropriate equipment for inventory (annual audit) purposes. If, for whatever reason, it is felt that the paper stickers will not remain on the equipment, the inventory number should be either engraved or written in permanent ink.

PURCHASE OF CONTRACT ITEMS

Requisitions received for items on State Contract may be processed by the Purchasing Office directly from the contractor regardless of dollar value without securing additional quotations, subject to any restrictions on specific term contract.

01 NCAC 05B.1101: USE

Term contracts, known also as indefinite quantity or requirement contracts, are used generally to establish suppliers and prices of a given commodity, group of commodities, printing, or services for a period of time without guaranteed quantities being specified. Statewide term contracts consolidate normal requirements of all agencies into one agreement and shall be handled by the Division of Purchase and Contract.

PURCHASE OF ITEMS ON STATE CONTRACT

The State has established various contracts with vendors for many of the items required by the colleges on a day-to-day basis. Where there is a state contract, the College must purchase from this contract unless it is a convenience contract, which means the State of North Carolina has negotiated the prices and the College has the option to utilize the contract or another vendor or they are exercising the Purchasing Flexibility Option outlined below. Items on a state contract may be ordered directly from the vendor subject to any restrictions on the specific term contract. The purchasing delegation limits may apply to purchases made from a state contract.

PURCHASING PROCEDURES (CONTINUED)

PURCHASING FLEXIBILITY OPTION

N.C.G.S. 115D-58.14 allows community colleges to purchase items that are on a state term contract from other (non-certified) sources, if the purchase price, including the cost of delivery, is less than the cost under the State Term Contract. The colleges must comply with the following conditions:

1. The items are the same or substantially similar in quality, service, and performance as items available under State term contracts.
2. The purchase price, including the cost of delivery, is lower than the state contract price. (This does not mean, "equal to.")
3. The cost of the purchase does not exceed the College's authorized purchasing delegation.
4. The College must keep a detailed record of all purchases made from non-certified sources. The record will contain the following:
 - a. A descriptive name of the item purchased;
 - b. The purchase order number;
 - c. The state term contract number for the item purchased;
 - d. The cost of the item had it been purchased under the state term contract;
 - e. The actual cost paid (including the cost of delivery but not the cost of taxes) for the item purchased from the non-certified source;
 - f. Savings per unit;
 - g. Number of units purchased; and
 - h. Total savings.

PURCHASE OF NON-CONTRACT ITEMS (OPEN MARKET)

It is not **required** that quotations be secured on non-contract items or orders totaling less than \$5,000.00. Bid competition will be sought via e-quote for orders totaling \$5,000.00 or more but less than \$10,000.00.

Acquisitions totaling \$10,000.00 and over will be forwarded to Purchase and Contract Division, N. C. Department of Administration, Raleigh, NC, for formal bids.

01 NCAC 05B.0315: DIVISION OF REQUIREMENTS

An agency shall not divide requirements in order to keep the expenditure under its benchmark or delegation and thereby avoid following the appropriate contracting requirement. In the case of similar and related items and groups of items, the dollar limits apply to the total cost rather than the cost of any single item.

PURCHASING PROCEDURES (CONTINUED)

These sealed bids are solicited by direct mailing and by advertisement on the State's IPS website at least ten (10) days prior to the date designated for opening of bids. This entire process will take approximately 30-45 days and then a purchase order is initiated by the College for items required. It is important that advanced planning be used for this process.

There are several methods for procurement of goods and services. The methods are petty cash, check request, professional service agreements, detail vendor form, purchase requisitions, and blanket purchase orders. The procedures for each are listed below.

PETTY CASH

Purpose

The purpose of petty cash is to facilitate employees in their quest for small purchases or disbursement of insignificant funds. Petty cash expedites minor purchases, minimizes staff time, and reduces administrative costs. The petty cash program does not circumvent the use of purchase orders when items total less than \$50.00 or if there is sufficient time to generate a purchase order for the item.

Expenditures Allowed

- Petty cash must only be used for Coastal Carolina Community College purposes.
- Purchases, travel reimbursements and other non-contract items which are \$50.00 (including tax) or less may be made through petty cash. Exceptions must be approved by the Chief Financial Officer.
- Each Department shall verify with the Purchasing Department prior to making a petty cash purchase to ensure that circumvention of any North Carolina Purchase and Contract regulation does not occur. If an item is purchased without verification from the Purchasing Department, it will be documented on the paperwork and approval from the appropriate Vice President will be required before reimbursement can be paid. This is to ensure proper documentation is on file in the Purchasing Department for the annual Purchasing audit.
- The purchase of supply items must be verified with the Purchasing Department in order to prevent circumvention of the North Carolina Purchase and Contract regulations.
- Departments who have open purchase orders with a particular vendor should use a PO and not petty cash, even if the item is under \$50.00.
- Advisory Committee luncheon/dinner meetings are not limited to the \$50.00 maximum.
- Petty cash is not available for travel advances.
- Splitting invoices is considered to be a violation of this procedure. No Department shall purchase a combined amount that exceeds \$50.00 from one location, on the same day, and present separate receipts for reimbursement. Should this happen, the appropriate supervisor and/or Vice President will be notified and documentation will be filed for the annual Purchasing audit.

Implementation

Petty cash monies will be established from institutional funds. The Chief Financial Officer will designate the custodian who will monitor the petty cash box and the prenumbered petty cash vouchers.

Full-Time Faculty and Staff Handbook

Section V
Page 39

PURCHASING PROCEDURES (CONTINUED)

The petty cash vouchers will be completed in ink by the custodian. The custodian of the petty cash box cannot be the receiver of petty cash. Periodically, the petty cash vouchers will be summarized by general ledger line items and a reimbursement check(s) will be made to replace the petty cash vouchers with cash. The petty cash vouchers and supporting documentation shall be filed as backup for the reimbursement check(s). The user may have the option of requesting an advance for the expenditure or using personal funds and then requesting reimbursement.

Petty Cash Procedures

- A. The user determines the item(s) which need to be purchased and notifies the Purchasing Department to verify compliance with NC Purchase and Contract regulations. After this review, the user may proceed to purchase the item(s) and return the original receipt to the petty cash custodian. A copy of the receipt, with the appropriate general ledger code, is submitted to the appropriate Vice President for approval and then to the custodian for reimbursement. Both the custodian and the user will sign the petty cash voucher and the user receives the cash. The original receipt is attached to the petty cash voucher.

If an item is purchased without verification from the Purchasing Department, it will be documented on the receipt and approval from the appropriate Vice President will be required before reimbursement can be paid.

If an advance is desired, the user will sign the petty cash voucher as an "Advance" and then receives the cash. After the user purchases the item, the original receipt is submitted to the petty cash custodian. A copy of the receipt, with the appropriate general ledger code, is submitted to the appropriate Vice President for approval and then to the custodian. The original receipt is attached to the petty cash voucher.

- B. Travel reimbursements will be paid via check if the amount is over \$50.00. For amounts under \$50.00, reimbursements are eligible to be paid by petty cash. In certain circumstances checks will be issued if the reimbursement is under \$50.00 on a case-by-case basis.
- C. The Director of Physical Plant Operations will periodically conduct audits of the petty cash box to verify all cash plus petty cash vouchers equate to the petty cash established total.

CHECK REQUEST

Expenditures

These items include: postage, emergency repairs and supplies, child care grants, employee and student reimbursements. It also allows for payment to vendors who do not accept purchase orders. Exceptions will be approved on a case-by-case basis by the Comptroller and Director of Procurement.

PURCHASING PROCEDURES (CONTINUED)

Procedures

The user department receives the original invoice or other qualifying documentation and attaches it to the check request form. This is signed by the appropriate Vice President and submitted to the Accounting Office. After review and signature of Comptroller, the form is submitted to the Chief Financial Officer for signature.

PROFESSIONAL SERVICE AGREEMENT

This form allows the College to compensate vendors for certain contracted services rendered. The PSA form is signed by the service provider, the appropriate Vice President, and the President. It specifies the type of service, dates, amounts, and GL account code.

DETAIL VENDOR FORM (ACCOUNTING OFFICE ONLY)

This form is an Accounting Department form used primarily for regular monthly invoices such as telephone bills, utility bills, fuel bills, and cafeteria invoices. The Accounting Office receives these invoices and, after reviewing GL codes and signature, the Comptroller approves for payment and a check is disbursed to the vendor.

PURCHASE REQUISITIONS

Information regarding the purchasing process is available from the person responsible for initiating purchase requisitions within each department.

BLANKET PURCHASE ORDERS

Blanket purchase orders are used to encumber funds, to make routine purchases or obtain services from a particular vendor over the course of a fiscal year. Funds encumbered may, or may not, be completely utilized. Blanket purchase orders do not order particular products or services but rather allow end users to obtain items or services needed in the regular course of business from a predetermined, encumbered budget. All blanket purchase order receipts are to be provided to the Accounting Office for payment, and for deduction from the available balance.

REPORTING OF ACCIDENTS

All emergencies or accidents must be reported to the Security Office. This may be accomplished by dialing 910-938-6290 or by using the emergency telephones. The location, nature of the emergency or accident, and the name of the individual or individuals involved should be included in the mandatory incident report filed by the Security Office. Any employee may be required to submit to testing for alcohol and/or drugs, as appropriate.

In the event you are injured on the job, the following steps should be followed:

1. Immediately notify your supervisor and Security of your injury.
2. As soon as medically stable, provide the Office of Personnel Services and Workplace Safety with all information regarding the accident.
3. The Office of Personnel Services and Workplace Safety will provide guidance and forms to secure medical treatment, if necessary.
4. If medical treatment other than first aid is required, medical evidence of fitness for duty will be required before returning to work. The original should be provided to the Office of Personnel Services and Workplace Safety, and a copy should be provided to the appropriate supervisor.
5. It is imperative that all injuries are reported to the Security Office promptly so that an Incident Report can be prepared and submitted to the Office of Personnel Services and Workplace Safety.

SAFEGUARDING CASH

The following policy is to be used when employees of the College receive, handle, or in any way come into custody of cash, checks, and/or any other negotiable instrument on behalf of the College.

1. Cash and cash equivalents are received throughout the campus and off-site locations. Detailed records (numbered receipts or rosters) are maintained by the individual collectors of the funds. Each collector performs reconciling procedures and maintains the funds in either a locked filing cabinet, cash register drawer, or locked cash box. These receipts are transported to the Accounting Office by a Security Officer or an authorized employee.
2. College employees who come into custody of funds which are of a negotiable nature will exercise precautionary measures sufficient to ensure their security, whether on campus or offsite.
3. A daily deposit is prepared by the Accounting Office and transported to the bank by a Security Officer.

SUBSTANTIVE CHANGE POLICY STATEMENT

It is the intent of Coastal Carolina Community College to recognize and report to the Commission on Colleges any substantive change as required in Standard 14.2.

Standard 14.2 The institution has a policy and procedures to ensure that all substantive changes are reported in accordance with SACSCOC policy. (*Substantive Change*)

According to Standard 14.2 (adopted December 2020), the institutional obligations are as follows:

1. Member institutions are required to notify the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) of changes in accordance with the substantive change policy and, when required, seek approval prior to the initiation of changes.
2. Member institutions are required to have a written policy and procedure to ensure that all substantive changes are reported to the Commission in a timely fashion.
3. Member institutions are responsible for maintaining compliance at all times with Standard 14.2 (Substantive change) of the *Principles of Accreditation* and with the *Substantive Change Policies and Procedures* and related policies.

The College's Substantive Change policy is based on The Southern Association of Colleges and Schools Commission on Colleges' definition of substantive change as follows:

Definition: A substantive change is a significant modification or expansion of the nature and scope of an accredited institution. Substantive change includes high-impact, high-risk changes and changes that can impact the quality of educational programs and services.

SACSCOC accredits an entire institution. Accreditation extends to all programs and services of an institution wherever located and however delivered. SACSCOC does not accredit individual programs, locations, or portions of an institution. However, some new programs, locations, and other institutional changes are subject to notification and/or approval as defined in *Substantive Change Policy and Procedures*.

Compliance

Substantive changes, including those required by federal regulations, include:

- Substantially changing the established mission or objectives of an institution or its programs.
- Changing the legal status, form of control, or ownership of an institution.
- Changing the governance of an institution.
- Merging/consolidating two or more institutions or entities.
- Acquiring another institution or any program or location of another institution.
- Relocating an institution or an off-campus instructional site of an institution (including a branch campus).
- Offering courses or programs at a higher or lower degree level than currently authorized.
- Adding graduate programs at an institution previously offering only undergraduate programs (including degrees, diplomas, certificates, and other for-credit credentials).

Page 45

SUBSTANTIVE CHANGE POLICY STATEMENT (CONTINUED)

- Changing the way an institution measures student progress, whether in clock hours or credit-hours; semesters, trimesters, or quarters; or time-based or non-time-based methods or measures.
- Adding a program that is a significant departure from the existing programs, or method of delivery, from those offered when the institution was last evaluated.
- Initiating programs by distance education or correspondence courses.
- Adding an additional method of delivery to a currently offered program.
- Entering into a cooperative academic arrangement.
- Entering into a written arrangement under 34 C.F.R. § 668.5 under which an institution or organization not certified to participate in the title IV Higher Education Act (HEA) programs offers less than 25% (notification) or 25-50% (approval) of one or more of the accredited institution's educational programs. An agreement offering more than 50% of one or more of an institution's programs is prohibited by federal regulation.
- Substantially increase or decreasing the number of clock hours or credit hours awarded or competencies demonstrated, or an increase in the level of credential awarded, for successful completion of one or more programs.
- Adding competency-based education programs.
- Adding each competency-based education program by direct assessment.
- Adding programs with completion pathways that recognize and accommodate a student's prior or existing knowledge or competency.
- Awarding dual or joint academic awards.
- Re-opening a previously closed program or off-campus instructional site.
- Adding a new off-campus instructional site/additional location including a branch campus.
- Adding a permanent location at a site at which an institution is conducting a teach-out program for students of another institution that has ceased operating before all students have completed their program of study.
- Closing an institution, a program, a method of delivery, an off-campus instructional site, or a program at an off-campus instructional site.

The SACSCOC Board of Trustees approved additional substantive changes that require notification and, in some cases, approval prior to implementation. This policy and its procedures address substantive changes identified through Federal regulations and Board approval.

For a substantive change requiring notification only, the notification can be submitted any time before implementation. Once the institution has submitted notification, it may implement before receiving a response from SACSCOC.

Coastal Carolina Community College's Responsibility

It is the responsibility of Coastal to follow the substantive change procedures of the Commission and inform the Commission of such changes in accord with those procedures. In the event that Coastal is unclear as to whether a change is substantive in nature, the SACS liaison will contact the Commission staff for consultation.

Accreditation Liaison

Coastal's accreditation liaison's responsibility is to ensure compliance with accreditation requirements.

Section V

Page 46

SUBSTANTIVE CHANGE POLICY STATEMENT (CONTINUED)

In order to comply with this requirement, the liaison:

- Reviews Commission policies and procedures;
- Ensures that substantive changes are recognized and reported in a timely manner;
- Consults, when questions arise, with appropriate Commission staff;
- Provides training and technical assistance as necessary to appropriate division chairs and/or department heads concerning substantive changes;
- Supports the academic division in survey development and collection and dissemination of information for the implementation of new programs;
- Compiles the annual program review and participates in annual program review meetings;
- Reviews and analyzes all curriculum changes to determine if they are substantive in nature;
- Serves as a required signatory for approval of all curriculum changes as submitted through the electronic Request for Curriculum Change; and,
- Prepares letters of notification and/or prospectuses, as appropriate, for Commission review.

System Office Curriculum Program Application

As one of the 58 community colleges in the North Carolina Community College System, Coastal must submit all new curriculum program proposals to the System Office after obtaining Board of Trustees approval.

As one of the steps to complete a Curriculum Program Application for review by the North Carolina Community College System, the college must determine whether a change is substantive in nature.

This will be determined by the SACS liaison, and all documentation will be submitted as appropriate to the system office.

Substantive Change Responsibility

Developing a knowledge and understanding of Coastal's substantive change policy is the responsibility of all division chairs and department heads under the leadership of the Vice President for Instruction and Student Services. The Director for Institutional Effectiveness and Student Success, who serves as the institution's SACS liaison, is responsible for ongoing review, consultation, training, and documentation concerning substantive change.

TRAFFIC REGULATIONS

GENERAL REGULATIONS

In addition to all traffic rules and regulations applicable to operating motor vehicles upon streets and highways in the State of North Carolina, the following additional rules and regulations apply to students, faculty, staff, and visitors operating motor vehicles on the campus of Coastal Carolina Community College. Students, employees, and visitors are responsible for any liability or damage claims arising from their negligence.

PLACARD REGISTRATION

All full-time and part-time employees and curriculum students must obtain a parking placard upon employment or registration for classes. Students who are enrolled in certain non-credit programs only may be exempt from this registration requirement and will receive parking permits on the first day of classes, as appropriate. One parking placard will be issued to each employee and student as applicable, and is to be displayed from the rear view mirror when possible. Each placard is issued to the permit holder and transferred between vehicles as necessary. Visitor parking must be for individuals who are not currently enrolled or employed.

MAXIMUM SPEED LIMIT

Notwithstanding any provisions of North Carolina law to the contrary, the maximum speed at which any vehicle shall be operated on campus is 15 miles per hour. It is the responsibility of every person operating a vehicle not to exceed a speed that is safe under existing conditions.

PARKING

Parking spaces on campus are designated as:

- E - Employee
- S - Students
- College-owned vehicles
- Handicapped
- Overflow
- Training Vehicle
- Visitor/Cosmetology Patron
- Undesignated (open to all students, employees, and visitors)

With the exception of handicapped, visitor, College-owned vehicle, and training vehicle parking, all spaces are undesignated from 1:30 p.m. through midnight, Monday through Friday. Spaces designated for a particular purpose are to be used exclusively for that purpose. The College reserves the right to restrict access to any parking space(s) and/or parking lot(s), as long as needed, for College business.

No parking is authorized on lawns, landscaped areas, sidewalks or other areas not designated for parking without prior approval from the Security Services Department. Any vehicle left on campus overnight without prior permission, may be towed at the expense of the owner. In the event a vehicle is removed from campus, the Security Services Department will be able to provide information on the location of the vehicle.

FINES AND SANCTIONS

In addition to the fines and penalties imposed by the State of North Carolina for violation of the general laws regulating the use and operation of motor vehicles on the streets and highways of North Carolina, a fine not to exceed \$25.00 per offense shall be imposed upon each student, faculty, or staff member who violates any regulation contained herein. The assessment of a fine shall be evidenced by the issuance of a written citation left on the vehicle or delivered to the permit holder. In addition, improperly parked vehicles may have a tire boot applied which will require assistance by an authorized security officer before the vehicle can be mobilized.

In addition to a fine, any vehicle found to be in violation of any rule or regulation affecting the operation of other motor vehicles or disrupting normal campus activities may be towed at the expense of the owner. In the event a vehicle is removed from campus, Security will be able to provide information on the location of the vehicle.

All fines assessed under these rules and regulations must be paid to the Accounting Office within ten (10) days of assessment, or prior to the next registration period, whichever is earlier. Any student with an outstanding parking citation shall not be allowed to register until the fine is paid. Grades and/or transcripts will be withheld for nonpayment of a parking fine. TRAVEL REQUESTS

Statewide travel regulations are set forth in the Accounting Procedures Manual of the North Carolina Community College System available online at www.nccommunitycolleges.edu.

EMPLOYEE RESPONSIBILITY

An employee traveling on official College business is expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Excess costs, circuitous routes, delays, or luxury accommodations and services unnecessary, unjustified, or for the convenience or personal preference of the employee in the performance of official college business are prohibited.

The College may authorize credit cards and/or P-cards for employees during travel on college business. Employees will be responsible for unauthorized costs and any additional expenses incurred for personal preference or convenience. Employee misuse of college issued credit cards and/or P-cards is grounds for termination. All travel is contingent upon the availability of funds in the proper budget line item.

Faculty and staff seeking travel authorization should adhere to the following procedure:

TRAVEL AUTHORIZATION (Non Local)

1. Complete the form as far in advance as possible, making sure that all copies are legible. It is recommended that travel advances be requested no later than two weeks prior to the departure date to ensure the availability of funds. Current rates for subsistence and mileage are updated as needed and printed on the Travel Authorization Form. No excess will be allowed for meals unless the cost is included in the registration fee and/or the charges are predetermined.
2. Include any appropriate information such as the conference/workshop agenda, airfare quote, lodging information, etc. Please complete and attach any registration forms accompanying the request and indicate if the registration form should be mailed with the registration check.
3. Submit the completed form to the immediate supervisor for routing through the appropriate Vice President's office.
4. After approval and signature by the appropriate Vice President, submit the Travel Authorization form to the Office of the President for final approval. Thereafter, the original form will be returned to the originator. Departure is authorized only after the appropriate signatures have been obtained. Prior approval is required for all travel regardless of whether or not reimbursement is claimed.

TRAVEL REQUESTS (CONTINUED)

ADVANCES

Generally, individuals are expected to make their own arrangements for travel, i.e. conference registration, hotel reservations, travel arrangements, etc. and the College will reimburse the traveler for approved costs. Individuals may find that costs exceed their available personal resources, or that it is necessary to incur out-of-pocket costs well in advance of the scheduled travel. When this occurs, the College may provide advances to the individual.

If advance funding is needed, the appropriate section of the Travel Authorization form must be completed. In some cases, more than one advance may be appropriate. For example, one advance may be necessary for payment of airfare and/or registration and another for such things as meals, lodging, and/or mileage (if driving). The minimum advance is \$50.00.

Advances made payable to the employee may be available as early as thirty (30) days before travel date. Upon receiving the advance, the individual is responsible for payment for airfare, registration, etc.

REIMBURSEMENT

Within ten (10) days of return, the original Travel Authorization form is to be submitted with the completed Travel Reimbursement form to the appropriate Vice President, including the following information:

- Time of departure and arrival;
- Meal reimbursement rate;
- Mileage;
- Daily lodging fee;
- Mode of transportation;
- Luggage handling;
- Parking;
- Registration fee; and
- Airport shuttle service fee, etc.

The completed reimbursement form will be submitted to the appropriate Vice President(s) for approval and forwarded to the Accounting Office for processing.

Travel reimbursements will be paid via check if the amount is over \$50.00. For amounts under \$50.00, reimbursements are eligible to be paid by petty cash. Checks may be issued, on a case-by-case basis, for reimbursements under \$50.00.

TRAVEL (Local)

Certain job responsibilities require local travel within the service area. Such travel will be reimbursed upon completing and submitting a local travel form with appropriate documentation. All reimbursements must be submitted in a timely fashion.

BOMB OR OTHER THREATS OF DANGER

All oral and written threats directed against the College will not be tolerated and are punishable under College policies and applicable law.

If a threat is received, the person receiving the threat should gather and record as much information as possible. As appropriate, note the exact words spoken/written, the time of the threat, any background noises, the characteristics of the voice, i.e. male, female, accent, pitch, approximate age of person, mispronunciation of words, or any other details that may help to identify the source.

The person receiving the threat shall immediately contact Security at 910-938-6290 (or ext. 6290 if using a campus phone) or an emergency call box or tower.

THREAT EVALUATION PROCEDURES

Campus Security will immediately report the threat to the Office of the President. The President, or the next available administrator, shall evaluate the threat and determine the appropriate action to be taken.

EVACUATION OF FACILITIES

If facilities are to be evacuated, college personnel will be notified of the threat via the campus public address system, campus phone/voicemail system, campus computer e-mail system or other means as necessary. Upon notice of evacuation, all persons, including students, faculty, staff, and visitors should leave the building by the closest available exit in an orderly manner. (SEE CAMPUS EVACUATION PLAN). All students, faculty, staff, and visitors not required to remain on campus may be asked to evacuate the college property and remove their vehicles.

RESPONSIBILITY FOR SEARCHING FACILITIES

The authority in charge will coordinate the search of facilities with appropriate off-campus law enforcement, and fire and rescue response teams. Local law enforcement will facilitate the notification of the nearest explosive response team as necessary. The Director of Physical Plant and Auxiliary Services and Chief of Security will assist the appropriate off-campus response teams as needed. Upon approval from off-campus response teams, the President or administrator in charge shall determine the re-entry of students and staff into affected building(s).

All bomb or other threats of danger must be reported to Campus Security. The location, nature of the emergency and the name of the individuals involved should be included in the mandatory incident report filed by Campus Security (SEE REPORTING OF ACCIDENTS IN SECTION V).

CAMPUS EMERGENCY/SAFETY PLANS

Campus emergency/safety plans support the protection of college property and, most importantly, the saving of lives. In the event of an emergency situation, faculty, staff, students, and visitors will be provided with specific instructions via the most practical method of communication, including the emergency public address system, campus phone/voicemail system, campus computer e-mail system or other means as necessary.

Emergency situations may include fire, medical emergencies, adverse weather, hazardous material spills, threats and/or acts of terror, utility emergencies and bomb or other threats of danger.

FIRE

Fire extinguishers are located strategically in each building and available for use by any person as circumstances warrant. Fire alarm boxes are located conspicuously within each building and should be activated immediately in the event of a fire that poses an imminent risk to life or property. Thereafter, the fire should be reported immediately to 911 and to Campus Security using the nearest functional phone in a safe location. When the fire alarm is activated, all persons, including students, faculty, staff and visitors should leave the building in an orderly manner using the closest available exit. Fires that do not pose an imminent risk to life or property should be reported immediately to Campus Security using the nearest functional phone in a safe location.

MEDICAL EMERGENCIES

All medical emergencies must be reported to 911, and to Campus Security as soon as feasible, by calling 910-938-6290, by using extension 6290 if using a campus phone, or by using an emergency call box or tower. The location, nature of the medical emergency or accident, and name of the individual or individuals involved should be reported. While College employees are not required to provide emergency first aid or rescue assistance, nothing in this policy should be construed to restrict employees from providing first aid or rescue assistance as Good Samaritans.

ADVERSE WEATHER EMERGENCIES

In the event that adverse weather presents an immediate threat to individuals on the campus, faculty, staff, students, and visitors will be provided with specific instructions via the most practical method of communication, including the emergency public address system, campus phone/voicemail system, campus computer e-mail system or other means as necessary.

HAZARDOUS MATERIAL SPILLS

A list of the names and assigned locations of all hazardous materials on campus is maintained in the Security Office. In the event of a hazardous material spill that is likely to cause personal injuries or result in damage to property, the area should be evacuated immediately. The location, nature, and extent of the spill should be reported to Campus Security by calling 910-938-6290, or by using extension 6290 if using a campus phone, or by using an emergency call box or tower, or by calling 911, as appropriate. In the event an entire building needs to be evacuated, the fire alarm system should be activated.

ACTS OF TERROR

Acts of terror carried out by and/or against members of the College community will not be tolerated and are punishable under College policies and applicable law. Acts of terror may include but are not limited to the following:

1. Verbal or written threats of injury and/or property damage.
2. Aggravated assault upon one or more individuals.
3. The willful non-negligent killing of one human being by another; and
4. The willful destruction or vandalism of buildings, vehicles or college property.

The College takes all threats and/or acts of terror very seriously. All threats, criminal acts and suspicious persons should be reported to Campus Security. Information should be reported to Campus Security by calling 910-938-6290, or by using extension 6290 if using a campus phone, or by using an emergency call box or tower, or by calling 911, as appropriate.

In the event of an explosion or fire as a result of an act of terror, persons are instructed to activate the fire alarm system (fire alarm boxes are located conspicuously within each building). When the fire alarm is activated, all persons, including students, faculty, staff, and visitors should leave the building by the closest available exit in an orderly manner. (SEE CAMPUS EVACUATION PLAN).

UTILITY EMERGENCIES

Campus utilities include electricity, water, sewage, natural/propane gas, heating/air conditioning and telecommunications. During the day, all emergencies or problems with campus utilities should be reported to the Director of Physical Plant and Auxiliary Services at ext. 6343 or the College switchboard, accessed by dialing 0. During other times (after 5:00 pm weekdays, holidays, and weekends) all emergencies or problems with campus utilities should be reported to the Campus Security Office at 910-938-6290 (or ext. 6290 if using a campus telephone). The College will contact the appropriate persons to resolve the emergency or problem.

In the event of an explosion, fire or major hazardous material spill as a result of a campus utility emergency, persons are instructed to activate the fire alarm system (fire alarm boxes are located conspicuously within each building). When the fire alarm is activated, all persons, including students, faculty, staff, and visitors should leave the building by the closest available exit in an orderly manner. (SEE CAMPUS EVACUATION PLAN).

CAMPUS EVACUATION PLAN

PURPOSE

To provide for an orderly evacuation of a college facility or the College campus during an emergency, the following plan and operating procedures have been adopted.

EVACUATION AND EMERGENCY ESCAPE PROCEDURES

In the event of an alarm sounding or other notice of evacuation, all persons including students, faculty, staff, and visitors should leave the building by the closest available exit in an orderly manner.

EVACUATION OF PERSONS WITH DISABILITIES

In the event of a building evacuation from one or more of the two-story buildings on campus, (C. Louis Shields Learning Resources Center, Health Occupational Science Building, W.D. "Billy" Mills Math and Science Technology Building, A.D. Guy Business Technology Building, or Kenneth B. Hurst Continuing Education Building) persons with mobility impairment who may be on an upper floor may utilize mobility aids, such as emergency stair travel devices, also known as evacuation chairs, that are available to transport people unable to use stairs in two-story buildings. Trained personnel must be involved in the supervision and utilization of the evacuation chairs. The evacuation chairs are only effective when utilized correctly and under the appropriate circumstances. The persons with mobility impairment who may be on an upper floor must use their own discretion to determine if the use of the evacuation chair is more of a risk than waiting for rescue personnel to reach them.

Faculty and staff of the College cannot be required to lift or carry a person with a mobility impairment and this is not required as it is beyond the Office of Civil Rights' definition of "minor assistance" and, is considered to be "services of a personal nature", which are not required by the Americans with Disabilities Act. This is not to imply that employees of the college are prohibited from offering this type of assistance during an emergency. If a person with mobility impairment does not utilize a wheelchair, but could benefit from assistance during an evacuation, office or computer lab chairs with rollers are usually available in every building.

RE-ENTRY

All persons will remain outside of the affected building(s) and at a safe distance so as not to hamper movement of emergency personnel and equipment. Re-entry to the affected building(s) will be determined by the appropriate designated authority.
